Anne

Well I never. I always had this image of Santa Claus as being a bluff old codger with a big belly and a propensity for facial hair. I stand corrected. None of us here knew that Anne had a special seasonal job of delivering presents until we invited her to our Christmas party. "Sorry," she said, "no can do. I'll be heading off with some really horny mates for a whistle stop tour of Britain." "Horny mates, what horny mates?" we asked. "The reindeer, you plonkers," we were informed. And notice, there wasn't one single gag about my chimney in that whole piece, was there?

BARBARA

Hey, great! I happen to know that like Gayle, Barbara here comes from my old home town. It really, really sickens me that I have to come all the way down here to meet some of the most stunning women on the face of the planet, only to discover that they lived a spit away from my old house. Can you imagine how annoying it is? All those wasted years of chatting up girls in pubs when I could have been with Barbara. It just ain't fair, man. Where were these gals when I lived up North? Come New Year I can think of a couple of young ladies I would love to First Foot, as we say in Scotland . . .

Christmas comes but once a year. Well, more than that and it'd get a bit tiring wouldn't it? 'Course, inspired by the very presentable charms of our Xmas cutie Carmel, things could get a bit frantic. At this moment, everyone in the office is fantasising about sliding up her chimney, depositing their gifts in her grotto and giving her a poke, er, I mean a peck, under the mistletoe. Yes, Carmel's a real cracker and when pulled I bet she goes off with a bang!

Dear Father Christmas,

I know it's been a long time since my last letter, but I lost your address. Thanks for the leggo in 1968. It gave me hours of pleasure one day. These days, though, I'm all grown up, and prefer more inter-active presents. I have enclosed the following pictures of my latest request. Her name is Gayle, and if you could see your way to popping her into some Christmas stockings, and delivering her to my place on the 25th, you'll have my undying appreciation. Incidentally, the glass of milk and carrots will be augmented by a pile of crisp £20 notes on the kitchen table.

Love, David.

Hello. I don't know who you are, but my name's Eric and I'm the janitor around these parts. I found these photo's lying about, with a note saying, "We're all off down the boozer, could someone write this blurb!" Bloody typical of those lazy soaks. Anyhow, here it goes . . . The sight of this fiery female comet speeding through the firmament shatters my heart into shards, splinters and smithereens. Her lips haunt me, her legs entice, oh, for an ethereal touch from her fingertips. Indeed, she is a spirit from the Otherworld, torturing me with her near presence that is, yet, so far. Will I ever know the rich poetics of her psyche? Oh, and she's got a right tasty-looking vag. I know where I'd stick my broom.

Joy by name, joy by nature. In regard to that, there's a couple of things that you should know about our sultry, succulent steamer. The first concerns a book called Joy Of Sex. *Yes, that's right, it's all about our girl. Months, nay years, of research on her part (or should that be "parts") made the publication of that famous sex manual possible. Secondly, to underline Joy's belief in the pleasure principle, she has had a swallow tattooed on her shoulder. This can either mean that she's a fast 'n' flighty bird, or, on the other hand, that she never spits it out. What do you think?*

KAREN

By now, things are tending to wind down a bit. You've read through most of the articles, guffawed at most of the jokes and cartoons, and now it's mince pie time in this Knave Christmas feast. Time to relax with Karen, and rest your weary head upon her lap. Face down, of course. Why does Christmas always go so quickly, we all wonder. Simple. It's because we all need another 364 days to recover after these pics of Karen!

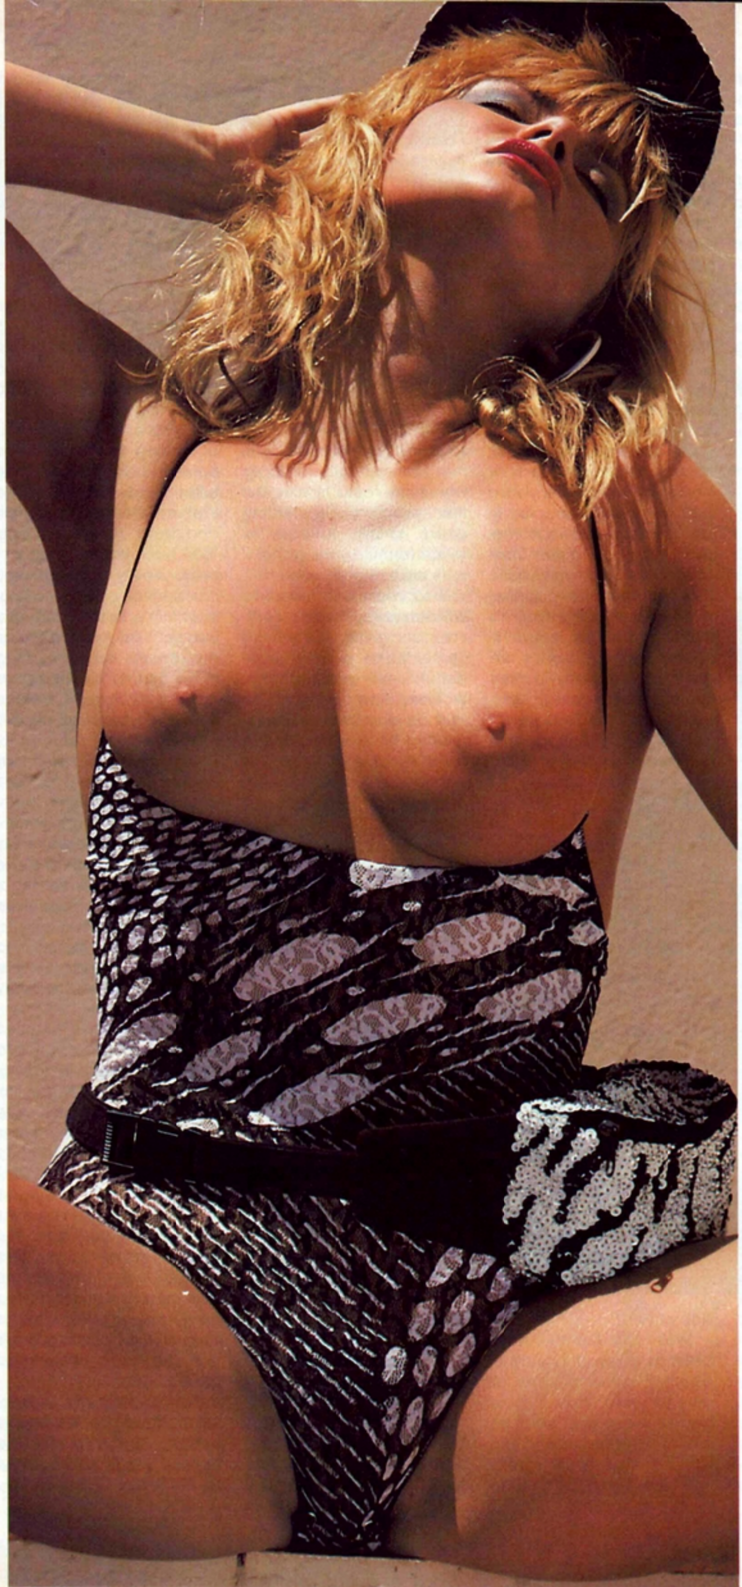
KATRINA

Have we got a find for you, or what! Is this a mega world exclusive? . . . Are bears Catholic? . . . Does the Pope shit in woods? Yes, this is a Christmas blockbuster, just for you. Katrina, y'see, is one of Santa Claus' hand maidens. We managed to tempt her away from the North Pole for a couple of hours. She was only too delighted to display her charms, well it's better than hanging about with a bunch of elves and reindeer. She wants you to consider these photos a special present from her to you. So, when Santa comes tumbling down the chimney clutching a pair of tasteful socks to put under your tree, you can say, "No thanks, old man. Katrina's already given me my gift, and it was a real treat for my penis." Won't Santa be surprised!



LEIGH

Question: what time of year is this? Correct. It is not summer, is it? We like to think of ourselves as being ever so slightly radical, but cuddly with it, which is why we can get away with printing sunny sets in a Christmas issue. Wouldn't it be great to lie there sipping on a cold one, as the sun tans you to a lovely golden brown and someone as gorgeous as Leigh smothers your nethers with lotion? What a way to spend Christmas! If I'd been a Wise Man, I reckon I'd have booked my flight out to see Leigh a long, long time ago!

For some reason known only to my predecessor, this set of Maggie has lain in a drawer with the tag "Do Not Use" on it. Was it because he had designs upon it himself, or could he simply not bring himself to share such beauty with the buying public? We'll never know, now that he's gone the way of all ex-editors: straight to the Old Soak's Rest Home. Consider this set our present to you, then. I'll even (w)rap it for you:

"Well here's Maggie, the girl you adore even though her pics were stuck in a drawer, but now's the time to dig 'em out, so take yourself in your hands and shake it all about!"

maria

My God! Here's a hot one for you. This is Maria, from the sizzling streets of Rio De Janero, Brazil. Where the crazy sex mad beat of the samba rhythmn never stops. The sound of it pounds and grinds its way into your brain and loins. Inhibitions are forgotten. The populace drinks itself into oblivion on lust. Many fall by the wayside, unable to stomach the sheer vertigo of heady pleasure. And you're missing it all. Oh well, have a wank instead.

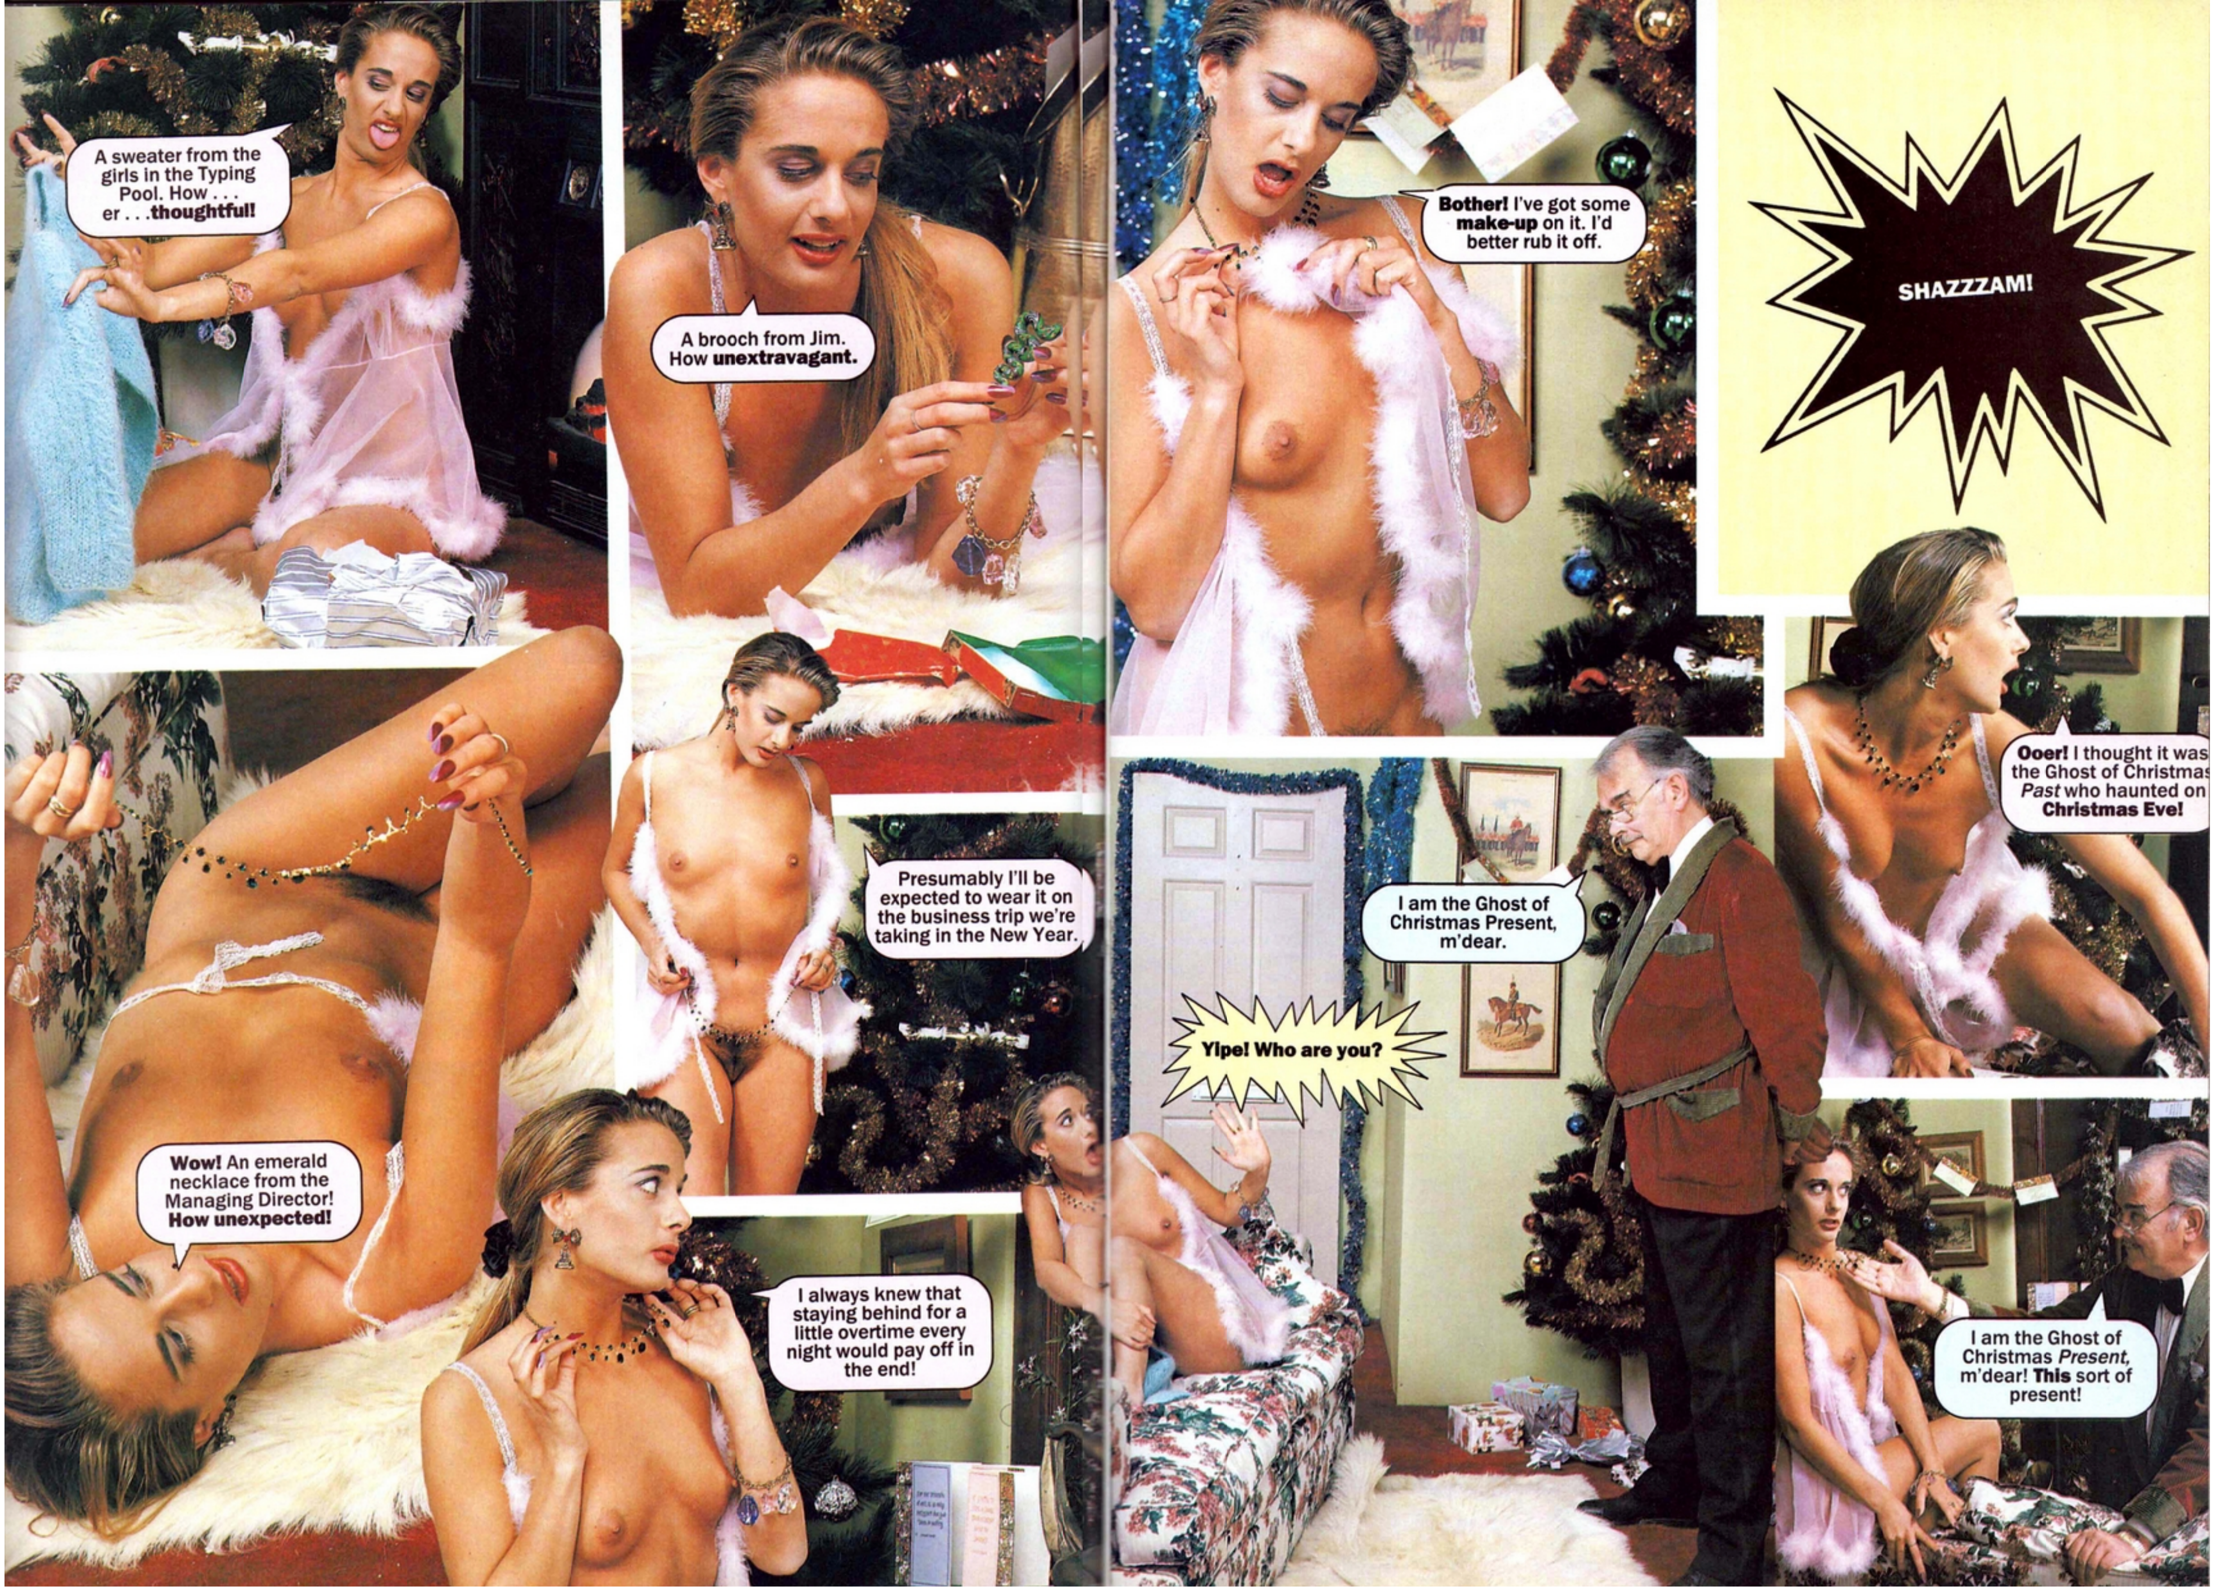
Nicole

Avast there me hearties. And I do mean vast, just take a look at those parties. Gulp, there's enough sun, sex and piracy here to keep us all frigging in the rigging 'til summertime rolls around again. Nicole is a real salty sea dog. She lacks only a wooden leg and parrot. Still, can't have everything can you? Who amongst us wouldn't board her, delve into her blackbeard and give her a broadside?



A sweater from the girls in the Typing Pool. How . . . er . . . **thoughtful!**
A brooch from Jim. How **unextravagant.**
Wow! An emerald necklace from the Managing Director! **How unexpected!**
Presumably I'll be expected to wear it on the business trip we're taking in the New Year.
I always knew that staying behind for a little overtime every night would pay off in the end!
Bother! I've got some **make-up** on it. I'd better rub it off.

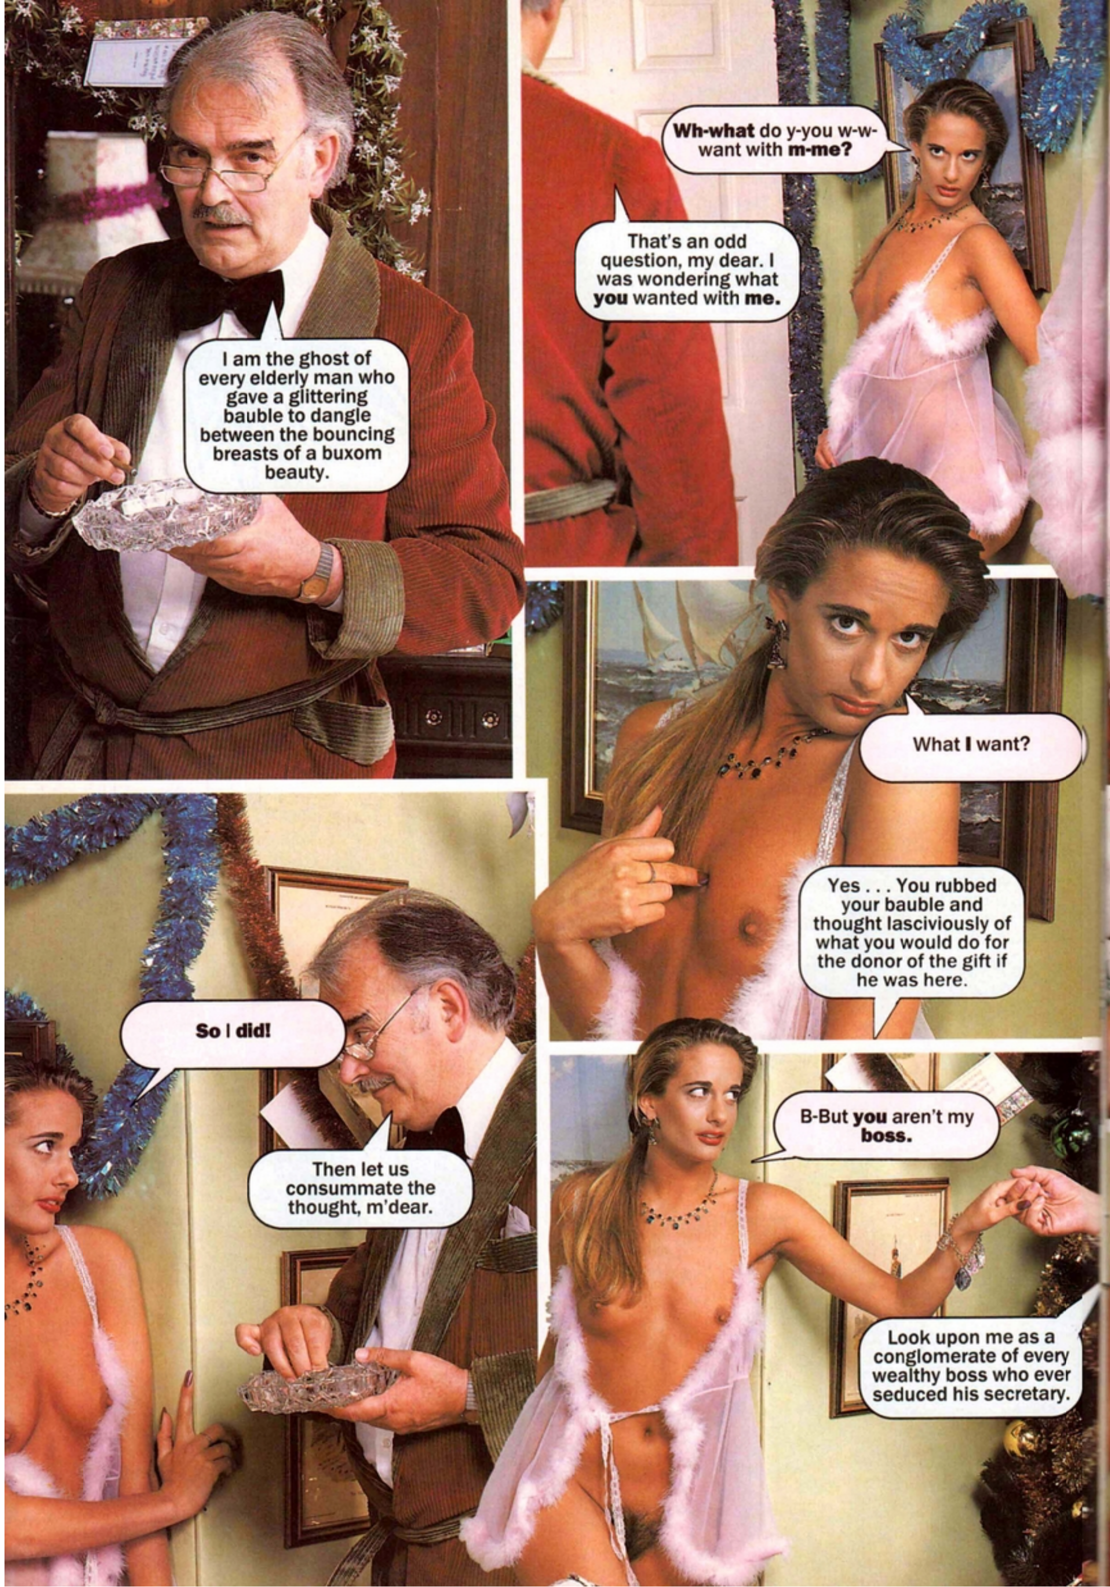
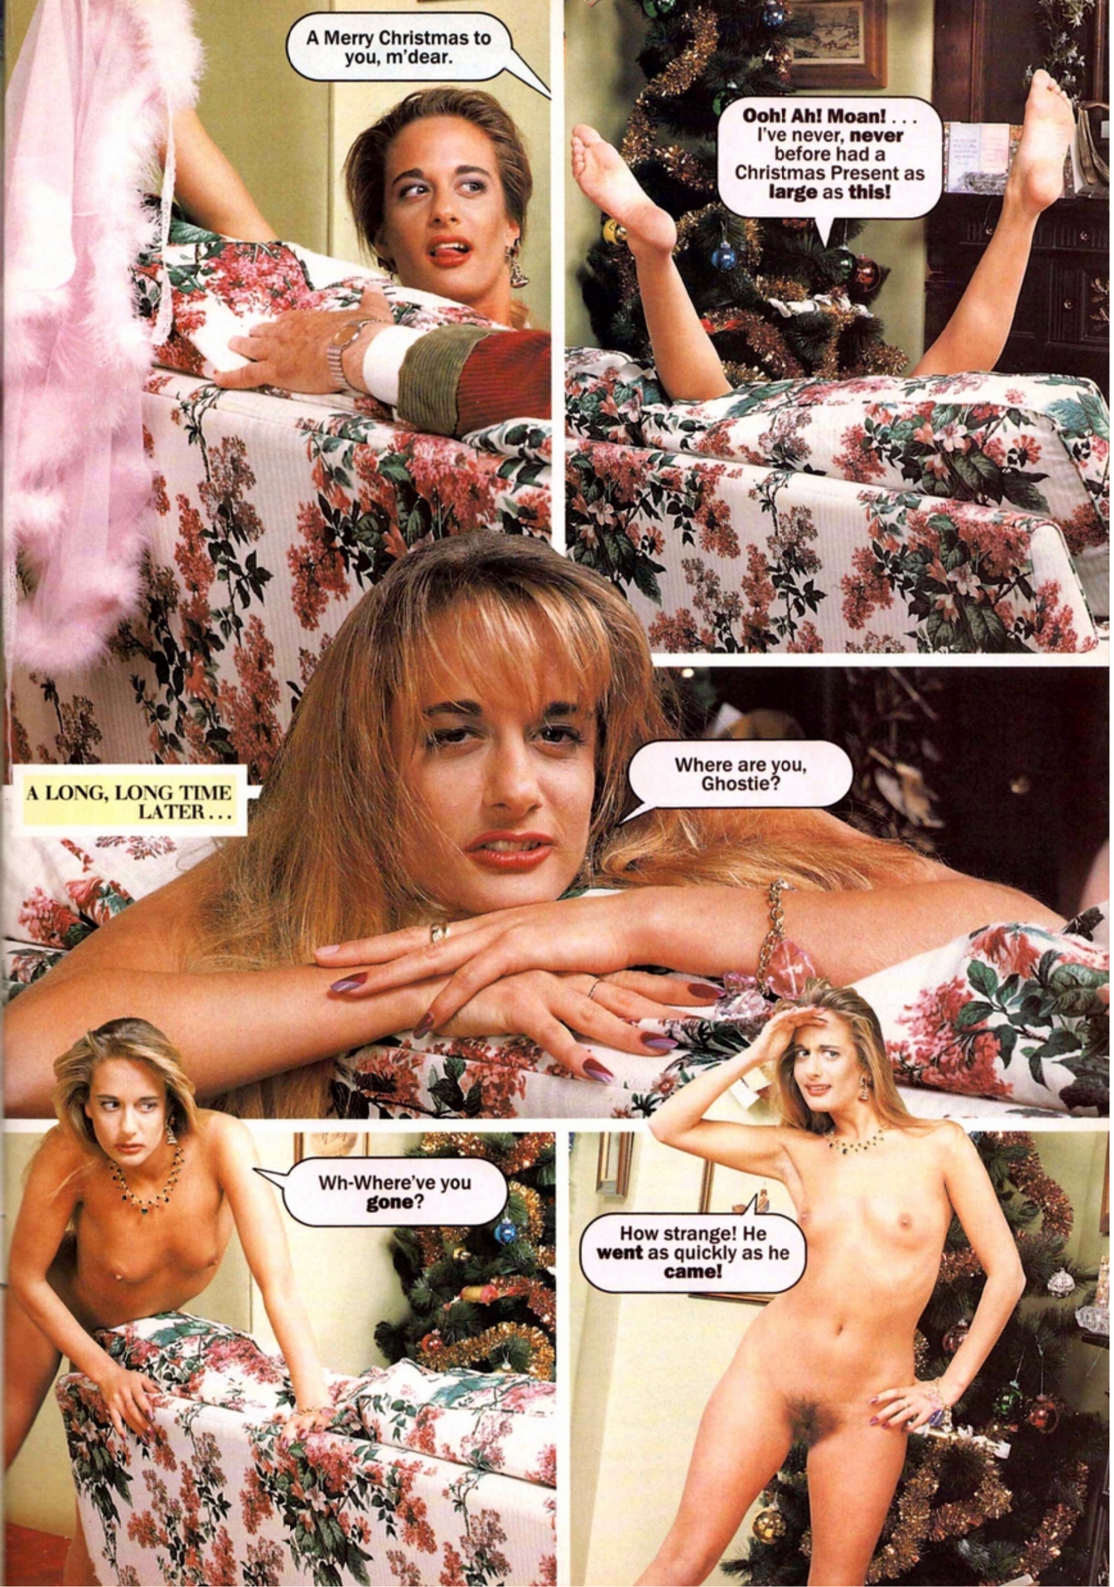
Brrr! It's jolly cold out there in the street!
I'm chilled to the bone.
I won't get properly warm till these damp clothes are off.
I'll slip into this little frou-frou I bought for lounging around the house.
Mmmmm . . . I'm feeling warmer already.
I feel warm enough now to open the Christmas gifts I brought home from the office.



I am the ghost of every elderly man who gave a glittering bauble to dangle between the bouncing breasts of a buxom beauty.
Wh-what do y-you w-w-want with **m-me?**
That's an odd question, my dear. I was wondering what **you** wanted with **me.**
What **I** want?
Yes . . . You rubbed your bauble and thought lasciviously of what you would do for the donor of the gift if he was here.
So I did!
Then let us consummate the thought, m'dear.
B-But **you** aren't my **boss.**
Look upon me as a conglomerate of every wealthy boss who ever seduced his secretary.



A Merry Christmas to you, m'dear.
Ooh! Ah! Moan! . . . I've never, **never** before had a Christmas Present as **large** as **this!**
A LONG, LONG TIME LATER . . .
Where are you, Ghostie?
Wh-Where've you **gone**?
How strange! He **went** as quickly as he **came!**

The BIG Christmas Thingummy

A Merry Christmas to you one and all! Welcome to another bum-per Christmas issue of Knave, the only magazine to gently massage your groin and your temporal lobes simultaneously.

Being Scottish, Christmas isn't such a big deal to me; my fellow countrymen are more interested in Hogmanay and those all important parties. Still, Christmas does provide ample opportunity for a serious piss up. Or Ceilidh, as we call them up North. Ah yes, I can almost smell the whisky. Probably because the Fiesta Editor and company soak Mr Heard has just walked by. But I digress.

This crammed compendium of Christmas frivolity is packed with so many goodies they defy listing. Besides, that's what the contents page is for. To give you a taste of things to come, if you will, cop a glance at the gorgeous pressies we've lined up for you by feasting your mince pies on some of the following pics . . .

Love Is Succulent

I would like to tell you about my first sexual experience. It happened only two months before my nineteenth birthday. I was proud of my well developed 36C breasts and slim figure. I was also lucky enough to have a pretty face with a clear, pale complexion that most girls my age would have died for. I was well aware of my attraction to men older than myself, and I loved being the centre of attention. Although apart from the odd grope at disco's, I did little more than tease.

It was a blustery Thursday in October and I was returning to college after lunch when I saw him. He was sitting behind the wheel of a navy blue Ford Cortina, smoking a cigarette, staring aimlessly into space. I had met the man before. I knew he sometimes drove the mini-bus for the disabled people when they went on their various outings. One of my friends was disabled and she had spoken to him once or twice when I had been with her. At first I took little notice. I was too busy dreading the afternoon lecture ahead. I turned reluctantly into the college gates, praying for an excuse not to go through with the afternoon's lecture, then I heard my name being called.

"Hello Maxi? It is Maxine isn't it?" I looked quickly over to the other side of the road and to where the blue Cortina was parked. The driver had rolled down his window and was beckoning me over. What did he want? I wasn't aware that he had remembered who I was. I hesitated, but only for a second. Mine wasn't the only head that had turned. A group of girls who I didn't particularly get on with were standing goggle-eyed waiting for something to happen. They were the sort who delighted in scandal and more often than not were responsible for starting untrue rumours, particularly where I was concerned. Well, I wasn't going to disappoint them. They could add this man to their list of my conquests for all I cared. One day I would really give them something to talk about. I waved enthusiastically and ran over to the car, only too aware of the attention I was attracting.

"Hi," I beamed as if the man was a long lost friend. "I thought you weren't talking to me," said the soft, deep voice, "is Sue not with you today?" Sue was my disabled friend. "No I don't really see that much of her," I said. "That's funny, I've seen you with her before," he replied. Something in the man's dark brown eyes told me that it wasn't Sue he was interested in. He had a wonderfully expressive face, and I could see he found me attractive. I leaned against the car provocatively, in such a pose that he could see my well-developed tits through my blouse. In fact, they were only inches from his face. He too, was exceptionally good looking, deeply tanned with black curly hair and a thick black moustache. He looked about thirty, although Sue had told me he was older – somewhere around thirty eight. I also knew his name was John and that he had a wife and kids, although he had been separated for a while. I hadn't been very interested in knowing more – until now that is. "So what's on today?" John asked, staring straight at my boobs with unflinching confidence.

"Oh – college unfortunately, I'd give anything not to go," I pouted. "Would you now?" the dark eyes twinkled suggestively. I leaned towards him even further, enjoying this little flirtation. The top half of my body was now practically inside the car. "Sure," I whispered in his ear with a slight giggle, I felt my breasts brush against him lightly as I moved. It felt good. My nipples hardened visibly. John was certain to have noticed. I was providing good entertainment for the crowd across the road as, by now, the odd unsavoury comment was beginning to reach my ears. They were just jealous! I decided I would really make them stare, and two seconds later I was sitting next to John in the passenger seat of his car. He appeared surprised at my daring. I laughed at the expression on his face. I knew he didn't mind – not really. "Well, it's bloody cold out there," I said by way of explanation.

"I see you've got an audience," John raised his eyebrows on catching sight of my college mates' faces. He threw a sarcastic wave in their direction and, most embarrassed, they pretended not to notice.

I laughed out loud, "That'll teach the nosey bitches. It's amazing the things they make up about me." "They're just jealous of your good looks," he said. "That's what I think." I added.

"I must be mad," exclaimed John as he turned the key in the ignition and started up the engine . . . "depriving a woman of vital education . . ." His tone of voice was anything but serious. He was enjoying the thrill and excitement of this moment as much as I was. I had a soul mate.

"Where are you taking me?" I asked in ready anticipation. "I don't know – where do you want to go? You're lucky, I've got the whole afternoon free," he answered. "Do you want to take me home then?" I said.

We soon arrived at John's flat. He didn't live far from the college – ten minutes walk perhaps. It was a small apartment decorated in typical bachelor style. He apologised profusely for the mess and frantically began to remove dirty dishes and rearrange cushions. Yet the basic tidiness of the room was the least of both our concerns. Within seconds we were in a passionate clinch on the sofa. We kissed each other fiercely. He tasted of tobacco and of coffee. He smelt wonderful, a musky manly scent – the scent of raw sexuality. With John's arms around me I felt safe, protected, and very aroused. No boy had ever had this effect on me. My panties were becoming wet with juices from my vagina. I was begging to be fucked! I wanted John to ram his cock inside me, to pump in and out to his own satisfaction. I couldn't imagine how this would feel but I knew I wanted it badly. One by one he undid the buttons of my blouse until my tits were exposed, nipples erect. As he grabbed two handfuls John moaned with pleasure, massaging my flesh firmly. "It's been so long," he whispered almost inaudibly.

He removed his hands from my aching breasts to unfasten his own trouser zip. Then taking one of my hands, he placed it around his throbbing penis inside his underpants. It felt hard and warm. Gently he showed me what to do , wanking the foreskin back and forth over its eight inch length with slow rhythmic strokes. It was the first time I had ever done this and I was surprised at how wet it was getting.

I longed to suck at this wonderful piece of equipment, to take it in my mouth and taste it. As if reading my mind, John pulled my head down towards it. I knelt on the floor in front of him and began, shyly at first, to lick at the tip. A shiver ran through John's body and he pulled me closer so that most of his cock was now throbbing away inside my mouth. I sucked at it and ran my tongue around its red hot tip. This pleased him immensely. I closed both my hands around the base of his penis and what I could take of its length, I pushed down

Prison Pussy

Oh my good God! I've just seen *Knave* Vol.22 No.10, and Helen gave me the biggest hard on I've ever had. Y'see, as an ex-con, the sight of that scurrilous scrubber behind bars really got me going. When I was doing my time I used to fantasise about girls like Helen. I had visions of getting some great sex whilst lying on my bunk. But the only screws around were the ones locking the doors! I dreamt of some wonderful fellatio, but the only blowing going on was when my cell mate let off his farts. Still, that's reality! – *M.T., Scotland.*

to near the back of my throat, sucking and wanking with ever increasing force. All this was too much for John and very soon I felt the hot jet of sperm release itself into my mouth as John gasped for air and tightened every muscle in his body.

"I'm sorry love," he apologised. When he was more relaxed we sat cuddling on the sofa, in what struck me as a rather comical state of partial undress. My bare tits hung out of a half open blouse while John's limp cock dangled, exposed to the world as his trousers and underpants remained where they had been dropped – still around his ankles! I found it hard not to laugh especially now that John was suddenly being so serious.

"You were just too much for me," he continued, quite unaware of how ridiculous he looked, "it's been three years you know." "Three years?" I repeated in disbelief. "Sure. My wife left last year and we had no sex for two years before that. She never really liked it at all." "And there was no one else?" I asked. "No one, I never wanted anyone until now. You're beautiful Maxi, you know that. I kept thinking about you." I reached over to kiss John once more. "John," I whispered, "I want to go to bed with you."

John undressed me as I lay on top of his bed. Slowly and deliberately he removed each item of clothing until I was completely naked. He paused to take off his own clothes before we got under the covers. Pressing himself to me, I felt his erection returning, rubbing gently against my bare thigh. I ran my fingers over it and down over his balls while he kissed me and tweaked at my nipple with one hand. His other hand travelled downwards onto my stomach – down until he reached my hair covered mound. Lightly he skimmed over the surface, causing me to squeal with delight. Every nerve felt alive and by now my fanny was sopping wet, awaiting John's touch.

Expertly he parted my thighs and slid one finger along my slit. I felt a twinge of pleasure as he explored my clitty and vaginal lips. He was not a bit rough, touching me with such patience that it was almost unbearable. I couldn't wait to be explored inside as well. I was sure he would put his cock into my cunt soon.

But John was in no rush. He began to use his tongue now, where his fingers had been, licking up my juices, skillfully teasing the spot which gave me most pleasure. His face pressed right against my pussy, I held him there by wrapping my legs around his back as I writhed against him. I knew I was approaching orgasm, I had never known this feeling before – though I had read about it in books for years. They always said you would recognise it when it happened and this had to be it!

My muscles tensed and I felt my vagina twitch in rapid spasms. I could not control my head movements, nor the loud moans of fulfilment escaping from my lips. Quickly John seized the moment and with one almighty thrust of his rock hard tool he entered me. My muscles clenched almost chewing it up. As John worked his cock up and down my slippery passage I clung to him, loving how he felt. Thinking about the solid mass between my legs, I climaxed once more and within seconds John followed suit, shooting his load into my well satisfied body. He collapsed on top of me in exhaustion – I was pretty well fucked myself!

We must have slept for over an hour. I awoke to find my arms and legs completely paralysed as John was still laying on top of me. My screams of agony succeeded in waking him and he leapt from bed in sheer panic. "What time is it?" I asked, more concerned with getting the feeling back in my limbs than with anything else.

Actually, I didn't much care about the time, and when all was said and done, I could've stayed with John forever. I never once doubted John's sincerity when he told me he loved me. – *M.T., London.*

KNIGHT LIFE

Driving, Shaving & Sucking

Living on the North Coast of New South Wales I travel a lot, on a recent trip to Brisbane (Queensland) it started to pour cats & dogs just out of Coffs Harbour. I normally do not stop to pick up hitch hikers but on this occasion I could not resist, standing on the side of the highway were three girls about 18-20 soaking wet, their T-shirts clinging to the body like a second skin.

Quickly I pulled up to give them a lift, "Where you headed?" I asked. "Queensland," was the answer. Not wanting to be saddled with them for the whole trip I did not tell them I was heading for Brisbane (at least not in the first place). I found out they were from New Zealand and were on a round Australia holiday.

Jane was blonde and she sat in the front, talk about legs that went all the way to her bald pussy (more about that later)! Evelyn had black hair (everywhere), Mandy had a reddish colour and turned out to be very randy.

We had not gone 2-3 kilometres when Jane asked if I would mind if she changed her top as that one was soaking wet. They didn't want me to stop as it was still pouring. Jane took off her T-shirt exposing two of the most perfectly formed breasts that you would ever see. She rolled them around in her hands saying they were cold and could I turn on the heater. Shit I was hot as it was, without the bloody heater.

I glanced into the rear view mirror and almost ran off the road. Evelyn was slipping out of her jeans and reaching in her knapsack for a change of clothes. She was sitting there with just a brief pair of knickers. Then off they came, and she was starkers. Shit was I hard!

Jane asked me where I was going, Brisbane I answered, and asked if they wanted to go all the way. "YES please," and her hand found my cock. Mandy had also slipped her jeans down to her ankles and was sitting just in her brief G string knickers.

Jane was working my cock so hard that I had to pull off the road, otherwise I would have run into something and killed us all. The car had only just stopped when Jane's fingers found my zipper, down it came and out sprung my 7" cock in all its thick glory. I began laying back the passenger seat, Evelyn and Mandy had to move over to behind my side of the car.

With the seat laid back, I then realised that Jane was bald, not a hair in sight, there she lay, legs spread and holding open her pussy lips just waiting for my cock. She didn't have to wait long, I mounted her and slipped my cock into her wet pussy. Within two minutes I could feel the pressure building. Normally lasting 5-10 minutes, but with Jane her pussy muscles were working overtime and I could hold back no longer.

It was still raining, the windows had all fogged up and the car had a pleasant odour of all our sexual pleasures. The rain continued for hours, we had only managed to drive another 200 kilometres and it was unpleasant driving.

Being Saturday evening, motels on the highway can be hard to come by. We found one which had adjoining rooms, the girls agreed to pay for their room even though I had offered. Dinner in the dining room caused a stir. Jane wore the briefest of tops, almost but not quite revealing a pair of swelling tits with their dark nipples. Evelyn was in a micro mini skirt and when she sat down it rose to her knickers. Mandy came in wearing leather. Black and shiny, what a night!

We went back to the rooms after dinner. Mandy suggested we play poker, I told her I had a better idea, "You strip and I'll poke you." Within 20 seconds, Mandy was naked and laying on the bed with legs held high, revealing her magnificent red haired pussy. Jane & Evelyn were also stripping ready for action. I plunged my hard cock into Mandy's pussy, clutching Evelyn's breasts with one hand and plunging two fingers into Jane's bald pussy. We changed positions so often that I cannot remember them all. I know that by the end of the evening Evelyn had lost most of her black pussy hair and was almost as bald as Jane.

The rain stopped about 2am and the sex stopped about 2.30am. Mandy suggested we should all try the pool, the house lights were out and there was semi-darkness. Wrapped in the motel towels, we made our way to pool. It was a large pool with an island in the middle. We slipped into the pool. "SHIT its cold," was Jane's reaction. "My PUSSY's frozen," was Evelyn's. Mandy couldn't say a word. She had my cock deep in her mouth.

Then there was a giggle and we spotted them. The couple from the room across the pool were coming towards us, completely naked. They slipped into the other side of the pool before they realised we were also there. Jane slowly swam to the side of the island, we all followed. When we got to where we could see them without them seeing us, we saw that the man had the girl held aloft and had his face buried deep between her legs.

Evelyn slipped under water and swam towards the man. Next there was a hell of a scream and a loud splash, the man dropped the girl. She fell into the water, Evelyn had grabbed him by the balls. The house lights went on, the motel manageress came out to see what the noise was all about. Jane had just got out of the pool and was standing naked right before her eyes. The rest of us were also just getting out of the pool. We also had to leave the motel or she would call the police. Oh well, it was a good journey. There was a lot more fucking over the next two days, Evelyn has lost all her hair and now has a bald pussy. Mandy shaved all her's off and Jane shaved me. The one day journey took a total of three days, I have never fucked and sucked so much in my life. – *R.J., Australia.*

Tattooed Turn On

I was driven crazy with frightful lust when I observed Rosa doing her thing in your last issue (Vol.22 No.10). If the truth be known, it was the little tattoo she's got on her leg that makes her into a real woman. She's obviously a big tattooed love messiah. I recommend that she has some elaborate artwork put on her back. Or, maybe, 'love' and 'hate' on her knukcles. It's trashy, but sexy. — *P.S., London.*

A Loving Wife

My wife and I seem to have discovered the formula for a perfect marriage. We have a very open, adult relationship and have agreed on an arrangement that suits us both, and seems to work really well. Before we married, Sarah had a full sex life and she had also done nude modelling and stripping. After our marriage everything was fine for a while but it soon became obvious that things were not working out – Sarah is very highly sexed and, to put it bluntly, I just couldn't keep up with her. She became very restless and eventually things came to a head. One night she came straight out with it – she told me that she was very unhappy and couldn't carry on the way we were. Then she said she would have to leave me unless I agreed to her having boy friends. She told me she was very frustrated and desperately needed sex with other men. Sarah said, "It isn't such a terrible thing,

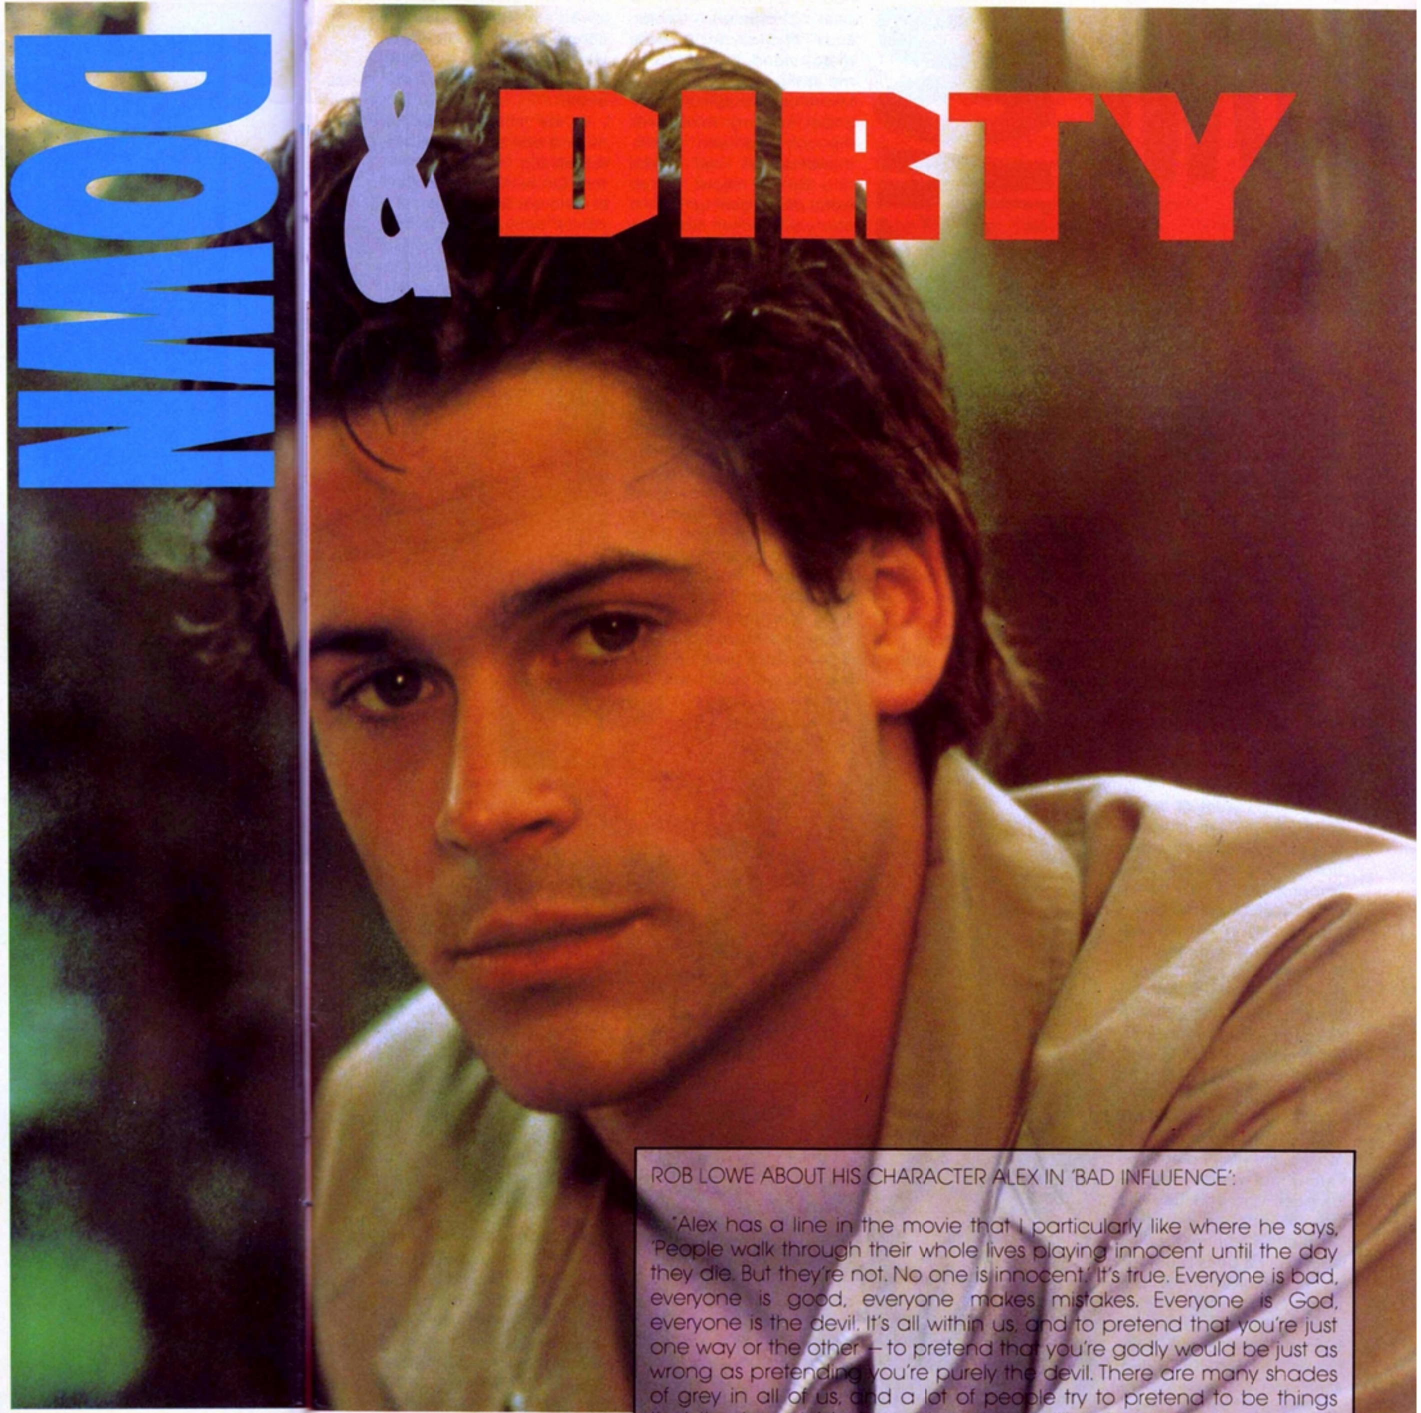
LOWE DOWN & DIRTY

Lately, heart-throb Rob Lowe has come in for some flack regarding a much-talked about incident with some young ladies whom the law stated were under age. It was the kind of scandal that can wreck careers, but Lowe seems to have bounced back, only to find that in the movie he made after the news broke, life imitated art. MARIANNE RUUTH stopped long enough to chat with Hollywood's bad boy about sex, life and videotape . . .



The real life/movie parallel is intriguing and much written about.

Real life: Rob Lowe, 26, young, good-looking and famous, became the centre of a scandal when a video of himself and two young women (one of them 16 years old, which is considered minor in the state of Georgia), cavorting in a hotel room in Atlanta during the 1988 Democratic National Convention, surfaced. The mother of the 16-year-old filed suit and the tabloids had a field day.

Movie: "Bad influence" is Lowe's first movie in two years or since "Masquerade" — a tight thriller à la Hitchcock with voyeurism, manipulation, guilt and videotapes (including such of a sexual encounter). Lowe plays a sociopathic man with an angelic smile who takes over the life of a timid financial consultant (played by James Spader who portrayed a video freak in 'Sex, Lies, and Videotape').

A lot of coincidences — life and art bumping into each other head on.

The script for the movie was written by David Koepp before the '88 convention. The idea came to him at a traffic light — he is the only one in Los Angeles who doesn't object to the crowded stop-and-go traffic, as he recalled how someone he met on the beach told of inviting a casual acquaintance to stay at his house. The man began interfering in his life in embarrassing and costly ways. "Once you let somebody into your home, you could become a victim," he thought.

Lowe was signed up in February, Spader a month or so later. Which was before his conquest of Cannes — where Lowe also happened to be, doing pre-publicity on 'Bad Influcence' when the incident in Atlanta hit the papers.

Both producer Steve Tisch, no stranger to controversy (he produced 'Soul Man', 'Risky Business', television's 'The Burning Bed' and 'Heart Condition') and director Curtis Hanson ("The Bedroom Window") told Lowe that he still had the job if he wanted it. They felt that he might wish to

ROB LOWE ABOUT HIS CHARACTER ALEX IN 'BAD INFLUENCE':

"Alex has a line in the movie that I particularly like where he says, 'People walk through their whole lives playing innocent until the day they die. But they're not. No one is innocent.' It's true. Everyone is bad, everyone is good, everyone makes mistakes. Everyone is God, everyone is the devil. It's all within us, and to pretend that you're just one way or the other — to pretend that you're godly would be just as wrong as pretending you're purely the devil. There are many shades of grey in all of us, and a lot of people try to pretend to be things that they're not. Most people are not willing to look into themselves and see that a dark side does exist."

The 12 LAYS of Christmas

"Analise," Knave's Editor wakens me from my slumber. "Have you any favourite Christmas carols?" Drowsy and off my guard, I admit that I do. "Yes, *The 12 Days of Christmas.* I've made up some of my own lyrics to it." "Great! Write and tell us all about it. Leave nothing out." "But . . ." "I need to see this copy by Friday." When Editors command, they must be obeyed . . .

On the 1st day of Christmas my true love gave to me. A blow job and it was for free.

That would be Eric. A crowd of us had gone to the fair on the common and he was a brother of a mate. Anyways, there we all were at midnight, eating those revolting hot dogs which always smell great but taste like rat poison. Eric had us in stitches, demonstrating how to lick tomato sauce from the roll and then extract the onion rings, one-by-one.

I watched his long, slim tongue slinking in and out of that bread roll, expertly plunging and then gently slurping the ketchup. God, he knew how to use his tongue but I was thinking of what better uses I could put it to!

When everyone went their own merry ways I cadged a lift from Eric and, of course, invited him into the Bond Boudoir for coffee.

We never got to drink the stuff because I soon had Eric down on his knees before me, satisfying my every whim.

I found out much later that Eric's nicknamed Master Tongue. And I'll explain why. He could make me come with just a few minutes foreplay. He'd become so good at knowing how to satisfy a woman this way, Eric often joked that they only wanted him for one thing — and it wasn't his prick. And, to be honest, that night I didn't get a damn about the size of his weapon or how he could handle it!

Smoothly, Eric'd undressed me although he remained clothed throughout. Sat at the very edge of the bed, I spread my legs, allowing Eric easy access to my fanny.

Gently at first, he teased my labia with the very tip of his tongue. by gauging my reactions, he knew the exact spots that gave

LOWE DOWN & DIRTY

remove himself from it for personal and professional reasons, but he said what they hoped, "Let's make a good movie."

When meeting and interviewing Rob Lowe, there are no eager publicity people dancing around, cautioning one against asking about "the videotape incident." He comes in smiling and clean-cut, with those devastating cheekbones, that chin line and those blue eyes, in the company of Steve Tisch and Curtis Hanson, ready to answer any and all questions. Such as what has he learned from it all?

"I learned a lot of things. Such as the value of admitting your mistakes or wrong doings and accepting full responsiblity for your actions. That's part of being the man I want to be. I also learned that everything in life — success of movies, personal triumphs or personal failures — needs to be seen in perspective. What is extremely important today, a Tuesday in 1990, may seem ridiculous and nonimportant on a Wednesday in 1995. I am planning on at least a fifty-year career and I know that means there will be good and bad, ups and downs — I accept that."

Asked to comment on his early life, he does a parody on the elusive movie star, roaring, "I'm sorry, I can't discuss that! Okay, I was born in Charlottesville, Virginia but moved to Dayton, Ohio when I was six months old. My dad is still a lawyer there. By the way, when this whole videotape incident occurred, my father was great support to me, both as a father and as a lawyer. Actually, I just hosted 'Saturday Night Live' (an irreverent weekly comedy programme that spoofs just about everything — that is where Eddie Murphy and many others started their career) and everyone of my expensive lawyers said I shouldn't do it, that it would be disasterous, because the programme made fun of me and what had happened. There is one character, Church Lady, who always takes a moral stand. She paddled me in the program. So now I have been publically punished! And my father was the only one who recommended that I go ahead and do the show. "If you worry about getting hit by a car, you'll never cross the street. You've got to cross the street," he said. So I did it and he was right. One paper, *USA Today*, wrote that they hoped that the spanking by the Church Lady would lay the whole ridiculous incident to rest.

"My parents divorced when I was five or six and my Mom remarried. When I was about 12, we moved to Los Angeles. I was interested in theatre from the age of about eight. Other than that, it was an ordinary childhood. A sheltered early life but it gave me a nice perspective on life before we moved out here. It is easier to grow up there than here, I think. I was the first in my family to get involved in show business, now my brother has followed suit. He has done a couple of films and a lot of television work. So you have two Lowe boys to tolerate!"

By the time Rob was 18, he had broken into the big-screen big time along with Tom Cruise, Matt Dillon, Emilio Estevez, Ralph Macchio, Patrick Swayze and C. Thomas Howell — in Francis Coppola's 'The Outsiders.'

"I was going to go to film school and was accepted at both the main universities in Los Angeles. But on the exact same day I would have started, I got the job in this movie called 'Class' with Jacqueline Bisset. So I had to make a choice whether to start that year or do the movie. I chose to make the movie and thought I would go back to college later, but I haven't yet."

Last time we talked (after his fine job as a retarded boy in 'Square Dance'), you said that your ideal actor was Cary Grant and that you were looking for a similar career making romantic comedies.

"A lot has happened since then and one does learn by experience. I discovered this untapped area in my talent, namely that I could play harder-edged characters. I still like to do movies such as 'About Last Night', but I'm pleased that I can also do a character as nasty and tough as Alex in 'Bad Business'. That is something I didn't know two years ago."

Director Curtis Hason, a slim, brown-bearded man, interjects. "One thing that excited me about this project was Rob Lowe playing Alex. I like the fact that the villain is a guy with grace and ease, a good-looking guy with a way about him. That's the Hitchcock style. Cary Grant was great in 'Notorious' and 'Suspicion' — the villain who is alluring and seductive makes the best one."

Producer Steve Tisch reveals that this was a tough movie to put together. "Originally there was a lot of interest in the movie. Two major studios said, "We love this projects," but then they wanted to water the story down, dilute the impact. They though it was too dark. They wanted to eliminate the murder. They wanted to chop off all the edges that interested me initially. Then finally I got together with Epic and the head of the company said, "Let's make the movie as written." That's music to a producer's ears. I like the idea of Rob Lowe but originally thought of him for the other part. He is the one who, having read the script and signed up said, "I'm not Michael, I'm Alex," — and he convinced me. Then we had a religious fanatic who tried to stop the shooting and I had to go to court about that. But it was all worth it. We made the movie we wanted to make, a movie that makes audiences a bit uncomfortable. That was the idea."

About future projects, Rob doesn't know. "There is talk about me doing a sequel to 'About Last Night' — and there are a couple of other movies to be shot in New York. I am looking to do a fully realized character in an ensemble movie, something like a male 'Steel Magnolias' but not quite that middle-of-the-road."

Whenever something is written about you, your chiselled good looks are always mentioned. Has that sometimes been a hindrance to you? Does it bother you that people mostly notice the physical side of you?

"Well, you know, I have been as guilty of looking at peoples' physical sides as anyone else. You see a beautiful girl and you are almost tempted not to dig beyond that. As for me, I was born the way I am and — I have lived with it everyday and it really doesn't mean anything to me at all. I certainly can't worry about it. I mean, I'm so deaf in one ear and people ask what it is like to be deaf in one ear. But I don't know anything different because that's the way I am. I have never heard stereo."

He thinks for a moment. "The public has gotten perhaps a lot of mixed signals about me and I think it's time that they realize that the reason they know my name and know how to spell it in the first place is that I am an actor. So that's where my focus is now. But the problem is finding good scripts. I read so much formula writing that it puts me to sleep.

"Two years ago I went to Williamstown Theatre Festival and did Chekhov's 'Three Sisters' with a wonderful cast — Christopher Walken, Amy Irving, John Hurt — and that summer, making no money, living in a ramshackle cottage, was one of the happiest of my life. I will always act, wherever I can. It would be difficult not to do it on this level — the money, the comfort, all the perks of the business would be hard to leave behind because you are used to them. But I could be happy being a regular on 'Saturday Night Live', that experience was like being in heaven because it was creative on so many levels.

"I want to make good movies — but movies that are movies, not statements. For a lecture, I go to the university."

So... how do you turn something negative, a scandal written up in magazines and talked about on TV news, into something positive?

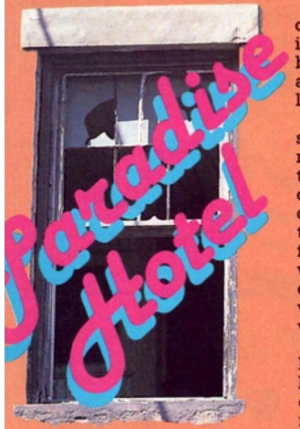
"I have 'handled' this according to my nature. I believe in living life to the fullest and when you do that, sometimes you crash and burn, things explode. Then you have to accept responsibility for that. You must never operate out of fear. I like actors and performers who have no fear. That means they are going to be great and that means they are going to be terrible. I do not like people who play it safe.

"Nor do I like pretentious people. I love to see people make fun of themselves — and that's what I tried to do on the 'Saturday Night Live' programme. We have to keep a sense of humour about ourselves, don't you agree?

"I exercised some bad judgment. I made a mistake. I accept responsibility for that.

"The way I have handled my situation corresponds to what the movie is saying. That's the way I live my life. You can't just do this and that and the other things and then when it blows up in your face, say, 'Hey! Me? What did I do?' People do that all the time. Politicians do that all the time. But people have to be held accountable — which is the statement of the movie. You can't just explain things away like a politician. That's not the way the world should work.

"To me, Alex, my character in the movie, represents the ill will, the greed, the hypocrisy in today's society. I'd like to see a change." ■



Paradise Hotel

raised herself off his prick, turned herself around, kicked off her knickers and lowered her oozing fanny over his face.

"Go on, smell that. Taste it!" she ordered, furiously rubbing her clit with two fingers, "it's all woman."

"Mmm," came the smothered agreement from the mouth she was squirming on.

From her squatting position, Kirsten took a look round her, hunting for familiar faces. Not that many faces could be seen, buried as they were in muffs and mammaries. But one spotty, hairy bum was familiar enough. That ginger forest sprouting around the base of a foot long phallus could belong to nobody but Randy Andy, who was ploughing Cindy's neat Californian furrow while her feet twitched behind his head.

Oblivious to the desperate sounds beneath her bum, which she attributed to the workings of her hand on his twitching dick, she watched the spurtings and spunkings around her with total fascination. Professor Koch, still up on stage, was fucking an enormously fat naked woman who was bent forwards over the table.

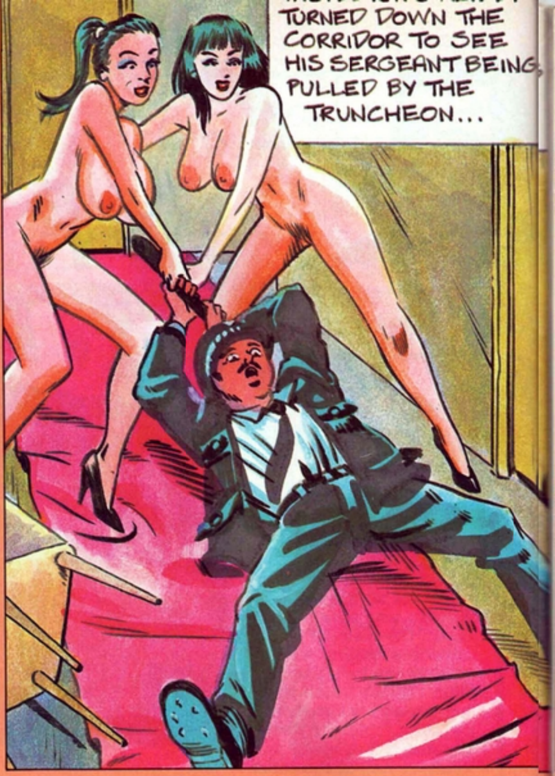
There were threesomes, even foursomes going on. One busty black girl had a cock in her mouth, one in each hand, one between her tits and another between her legs.

The sexual sights, sounds and smells were making her so horny that she just had to come herself. Pressing down even harder on the face beneath her fanny, she wriggled and writhed to a dripping climax — just as the air was rent with a series of whistle-blasts . . .

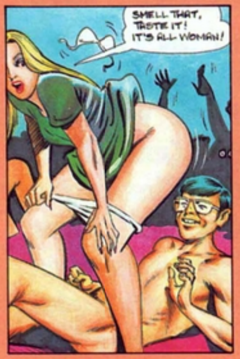
Convinced that the Paradise Hotel was a knocking shop, police officers were now investigating every nook and cranny. It was Police Sergeant Dave Smedley's mishap to turn a corner, truncheon in hand, and find himself facing two naked females who were hurrying down the corridor clutching their clothes to their naughty bits. Fiona and Maria were escaping from Louis the chef's insatiable lust.

The police issue truncheon was the nearest thing to a black pudding Maria had seen for quite some hours.

"Ooh!" she squealed, her eyes widening. Crazed with lust and regardless of the consequences of attacking a policeman, she lunged at the truncheon. The sergeant refused to let go and consequently he was pulled down the corridor as Fiona gripped Maria's waist to lend her strength. Inspector O'Reilly turned down the same corridor just in time to see his sergeant being pulled by the truncheon into an empty bedroom by two naked ladies, one young and slender, the other middle-aged and ample. The Inspector was a bottom man himself and the vision of Maria's large and wobbling globes of flesh were too much for him. With a shout of "Geronimo!" he ran full tilt down the corridor, hands outstretched. Just as digits and buttocks were about to meet, he tripped and the two police officers, the head housekeeper and a waitress collapsed onto the carpet in an undignified but extremely titillating heap.



TURNED DOWN THE CORRIDOR TO SEE HIS SERGEANT BEING PULLED BY THE TRUNCHEON...



SMELL THAT, TASTE IT! IT'S ALL WOMAN!

When the police took Wayne and Jeremy away, Gloria had been left sobbing in the foyer. She looked so lovely and sexy in her distress that young PC Steve Jones felt compelled to put an arm round her and comfort her.

"I think I need to lie down," she told him faintly, leading the handsome enforcer of law and order in the direction of *Maison Gloria*, her beauty salon in the basement of the hotel. "In here," she said, opening the door to one of the treatment rooms.

The sight that greeted them took the breath away from bobby and beautician alike. Could that really be a WPC whose black-stockinged ankles were hooked round the waist of a dark-haired muscle man whose white singlet bore the legend, LIFEGUARD?

"George!" squeaked Gloria, her voice bitter with betrayal. It was only a few hours since she had received the most wonderful fuck of her life from the very same man, in one of the swimming cubicles. And now here he was performing deep thrusts with a pretty young policewoman! Did no-one have any respect for either the law or the labia!

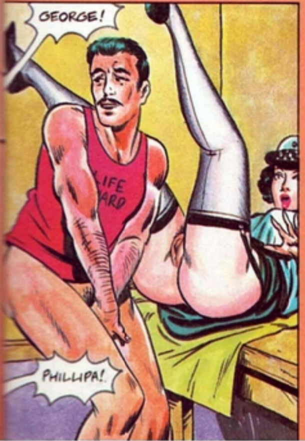
"Philippa!" croaked PC Jones, equally outraged. The curly haired constable whose cunt was accommodating George was, after all, his steady girlfriend.

So noisily intent were they on their impending consummation that neither of them heard the protests. Gloria and PC Jones watched, appalled yet fascinated, as George's gleaming prick, slick with Philippa's love juices, plunged in and out of her gaping vagina.

Wihtout realising what she was doing, Gloria found herself rubbing her silk blouse clad breasts against the constable's uniform jacket. PC Jones, being young, healthy and easily sexually aroused, found himself with the discomfort of a hard and throbbing erection pressing against the fly of his trousers.

Urgent though his urges were, PC Jones was fairly new to his job and, as such, very conscientious. He knew what the consqeuences might be for him if he were to be caught having it off when he was supposed to be in the course, and not the intercourse, of his duty.

For a good few moments, loyalty to the force battled with his loyalty to his own body — and finally, when he felt Gloria's hot lips pressed suckingly against his own, he knew the force had lost.



He needed to shag the delectable blonde right there and then.

"Is there another room?" he asked hoarsely.

"Plenty of them," she panted, and PC Jones was already stripping Gloria of her white beautician's blouse and skirt as they closed the door on George and the WPC, writhing in noisy orgasm on the wobbly treatment couch. 'Hope they fall off and break their legs,' Gloria thought darkly — and at that moment, an ear-splitting crash from the room they'd just left, promised that *something* had broken a leg, even if it were just the couch.

PC Jones was a superstud, no doubt about it. He also loved giving orders. And Gloria adored men in uniform.

"Fuck me with it on," she begged as he made to take off his dark blue trousers.

He unzipped them, allowing a thick, wide cock to spring out towards her.

"Suck that!" he said sternly and Gloria, her clit throbbing with excitement and her panties soaked in a gush of sex fluid, bent to the task.

It was so big that she could hardly get her lips around it.

"Oh, that's good," he moaned as she moved her mouth up and down his thick shaft.

As she sucked, she slipped a hand inside his pants and gently raked his firm balls with her fingernails.

"I want to taste your minge," he said. They sank to the floor in the sixty-nine position and Gloria found herself climaxing almost immediately as he sucked her clit and love-lips.

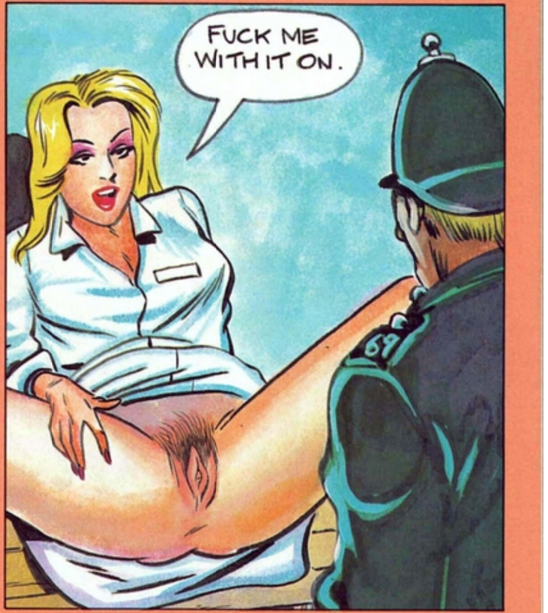
"That's nice, my little puss," he said, "I'm going to give you another three orgasms, then I'm going to come in your mouth."

"Oh yes!" panted Gloria, having one of the three the instant he told her the menu.

Soon she was bucking and wriggling in what felt like a continuous orgasm. "I can't take any more," she confessed. "I've never come so much." George was quite forgotten now. His cock might never have existed.

"You're making me come now," he said. "Here it is — drink me, drink it all down," and a hot gush of semen spurted down her open throat.

They were so busy moaning and coming that neither of them heard the door of their room silently open and equally silently close.



FUCK ME WITH IT ON.

That there was a voyeur in the Paradise would have come as no surprise to anybody, especially with the various live sex exhibitions which were taking place in so many of the private and public rooms. But this particular voyeur was intent, not just on titillation, but in building up a collection of extremely revealing pornographic photographs.

Having flashed his lens in the direction of the WPC and George, who were continuing their orgy amongst the wreckage of the collapsed massage couch and were currently in a most interesting position in which Philippa was perched on George's prick and leaning right forward, sucking his toes whilst she bucked and fucked, the clandestine lensman, who bore an astonishing resemblance to a certain member of the Paradise staff, now felt in dire need of a little relief of his own.

Sneaking into a spare massage room, he anointed a very long, stiff prick with scented oil and proceeded to give himself a long, luxurious wank, gloating all the time at the thought of the spunkings and fuckings captured on his red hot film.

Will the photographer resort to blackmail? Will the vice squad ever emerge from the Paradise intact? Read next month's final episode in the saga of the *Paradise Hotel.*

Paradise Hotel

The story so far . . .
The hotel is hosting a psychotherapy conference. However, the staff of the Paradise are in many ways more knowledgeable about the workings of the human mind (and body) than the experts. Kirsten the Danish chambermaid has learned how to hypnotise men so that their cocks work under her command. Her latest victims are Wayne, the husband of an American expert in voyeurism, and the hotel's manager, Jeremy. Unfortunately, the police have arrived just as the two men are wanking furiously in the foyer. Now read on . . .

As Jeremy and Wayne were being led off to a police car, protesting violently all the way, Kirsten was panting down the maze of corridors leading to the conference hall. She didn't give a damn what happened to that dirty old man Professor Koch, but she didn't want Andy or any of the other Paradise staff who might have sneaked uninvited into the proceedings, to be arrested for indecency. It was bad enough being deprived of Jeremy just as she'd thought she'd got his gorgeous young cock in her clutches at last.

As soon as she pushed open the door, she realised she was too late. In the twenty minutes or so since she had left the room, a total orgy had got underway. No way would her warning words be heard above the screams and groans of "Give it to me!", "Harder, harder!" and "Let's try it this way." In the melee of flying clothes and threshing limbs, nobody would even see her.

She was wrong about that. As she dithered in the doorway, a sinewy arm with a yellow tinge to it grabbed her by the ankle. She landed with a bump, straight onto the naked form of Japanese body language expert, Mr Fukada. His thick spectacle lenses gleamed as brightly as his grinning teeth, as he rummaged up Kirsten's skirt and ferreted about inside her lace-trimmed nylon panties.

"Good. So you are not a transvestite. Come and sit on my penis," he invited, in his correct, stilted English.

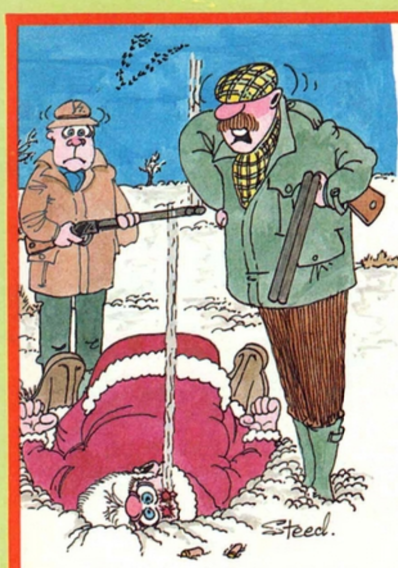
Kirsten let out a gasp of outrage. How dare he think she might be posing as a man, just because she was tall and muscular! Police raid or not, she'd show him she was all woman.

Roughly, she hauled the leg of her panties aside and thrust herself astride Mr Fukada's thin, stiff prick which was pointing up at her like a slender candle. Angry though she was, she was aroused, too, and her juices greased Fukada's prong so that she hardly felt it slipping inside.

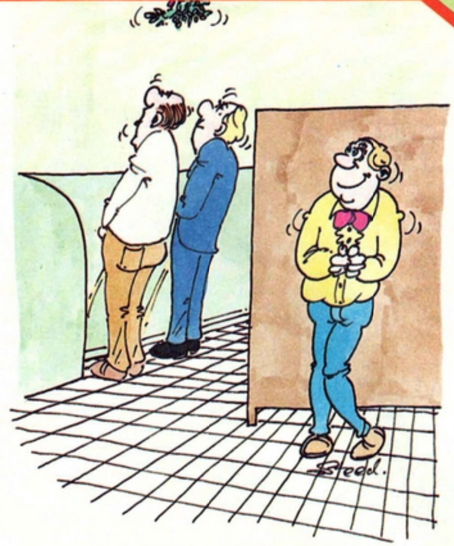
He reached for her blouse and pulled it open, his eyes widening as her delectable Danish bloomers were revealed in their underwired, half-cup bra. She pulled one out and offered it to him on the palm of her hand, her nipple erect and perky.

"Just suck this and tell me if it's female. There's no silicone in these," she said, "go on squeeze it."

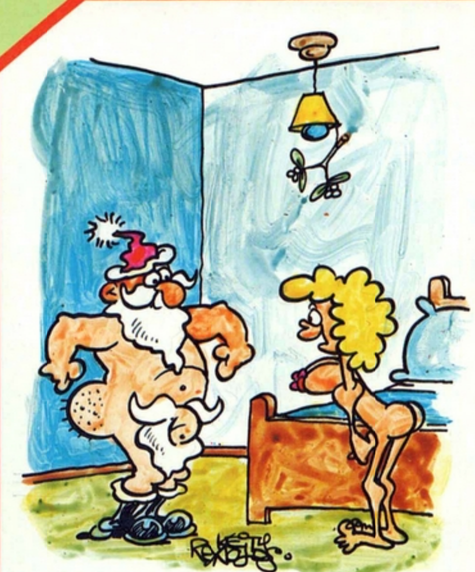
The Japanese obeyed, his hands shaking with sexual arousal. She



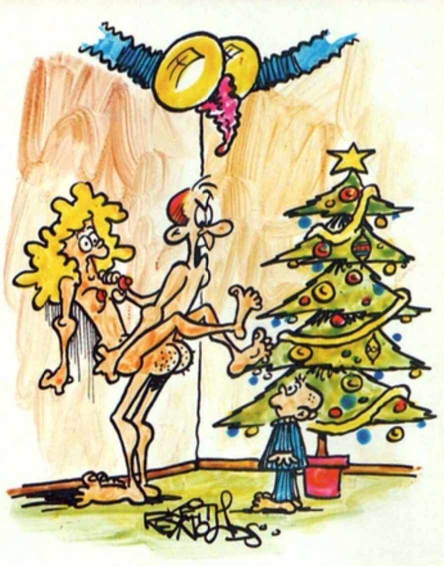
"I heard you shout pull, and then this bugger flew over!"



"Now who would hang mistletoe in here?"



"Say, that's cute!"



"No, he hasn't bloody 'been'!"

CRUDE Carols

Bored with the marauding gangs of kids who bang on your door then threaten you with their close-harmony singing of traditional Christmas songs? Then suffer no more. Simply reply with a rendition of Knave's alternative Christmas carols

by DEBBIE CUMMINGS

Russ Tucker

TO THE TUNE OF *'GOD REST YOU MERRY, GENTLEMEN'*

God rest you merry, gentlemen
Let nothing you dismay,
Just think of all the wanking
You'll do on Christmas Day
When you're too stuffed with turkey
To get your end away.
O tidings of come, fart and joy, come, fart and joy
O tidings of come, fart and joy.

We'll pull our Christmas puddings,
We'll start off nice and slow,
We'll stroke our glans and then change hands
Till it begins to glow.
We may feel sick, but a healthy prick
Can still be made to grow.
O tidings of come, fart and joy, come, fart and joy
O tidings of come, fart and joy.

Ignore the indigestion,
Just let our belches sound,
And let our Christmas fartings
From rafters high resound
While we, replete, do beat our meat
And pass the brandy round.
O tidings of come, fart and joy, come, fart and joy
O tidings of come, fart and joy.

O let us wank in unison
Between each festive course.
The sap doth rise as we fantasise
Of kinky intercourse,
Then we'll get set our spunk to jet
Into the brandy sauce.
O tidings of come, fart and joy, come, fart and joy
O tidings of come, fart and joy.

TO THE TUNE OF *'WHILE SHEPHERDS WATCHED'*

While shepherds washed their cocks by night
All seated round the tub,
A lusty wench called Maud came by
And she began to scrub

"Fear not," said she, for might dread
Had seized the troubled throng.
"Your pricks won't shrink inside the sink,
They'll just grow twice as long."

And then she wrapped her mighty paps
Around each gleaming knob
And gave a tit wank so superb
It made each gonad throb.

"Glad tidings of great joy I bring —
A half-price fuck for all.
And special offer, quarter price
For those with just one ball."

Her heavenly cunt they then did see
To human view displayed
And every shepherd in his turn
Was well and truly laid.

"And now the truth I'll tell," said Mau
As they lay down to sleep.
"A charity did sponsor me
To stop you shagging sheep."

TO THE TUNE OF *'IT CAME UPON THE MIDNIGHT CLEAR'*

It came upon the midnight clear,
That glorious spunk of old,
As couples huddled very near
To shelter from the cold.
No central heating had they then,
And no electric light,
So they used sex and candles
To get them through the night.

One night a thousand years ago
Around eleven o'clock
A lad lay by a slumbering lass.
His hand upon his cock.
A raging stiffy had the lad
And he was sore distressed,
He had a desperate urge to get
Inside her woolly vest.

It covered her from neck to foot,
All knit in triple ply.
And it smelt to high heaven because
She'd worn it since July.
Her lovely tits were hid by it,
Likewise her virgin cunt,
And he could find no way inside
Though he felt both back and front.

With tooth and claw he fought and swore
And butted with his pole
To try and rip that woollen slip
And slide inside her hole.
For fifty minutes he did strive —
Alas he never knew
Her vest was knitted by her Ma
Who'd washed it first in glue.

At just nineteen the urge is keen,
Control is not so hot.
His bollock pump began to shunt
And made him shoot his lot.
His balls did hurt as one vast squir
Rained come into her ear —
And so that glorious spunk of old
Came on the midnight clear.

TO THE TUNE OF *'GOOD KING WENCESLAS'*

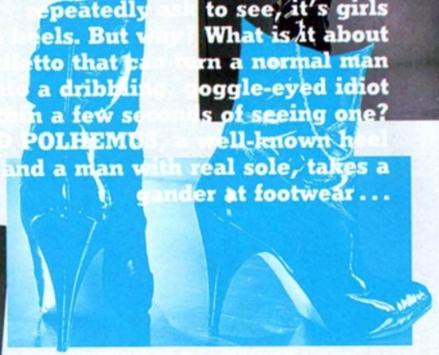
Good King Wenceslas got it out
On the feast of Stephen,
When the tarts lay round about,
Deep and wet and heaving.
Brightly shone the moon that night
Though the frost was cruel,
When a poor man came in sight
With frostbite on his tool.

"Hither page and lay on me,"
Said the King's top harlot.
"I will bring back life to thee,
Make your blue prick scarlet."
Then she thrust his head right down
'Neath her pubic pelmet
And her lips she wrapped around
The poor man's icy helmet.

"Bring me flesh and bring me wine,"
Said the King all eager.
"Thou and I will see him dine
Off her hairy beaver."
But alack! A wayward hair
Made the tart start coughin'.
Her teeth shut like a steel snare
And snapped the cock right off him.

Pandemonium set in
At a sight so horrid,
But he hadn't felt a thing,
It was frozen solid.
So they placed it in the fridge
To preserve his member.
The moral of this story is
Don't fuck in December!

FROM TO LATEX



If there's one thing our readers repeatedly ask to see, it's girls in high heels. But why? What is it about the stiletto that can turn a normal man into a dribbling, goggle-eyed idiot within a few seconds of seeing one? TED POLHEMUS, a well-known heel and a man with real sole, takes a gander at footwear . . .

Hands up those of you who enjoy the sight of a good looking woman walking down the street in a pair of really high, stiletto heels. Now hands up those who would prefer to see the same woman in a pair of nice, sensible flat shoes. Just as I thought, the editor and I are not alone in a fondness for high heels (on women in my case. Not too sure about the editor).

There are a lot of theories which try to explain why high heels are sexy.

Theory 1: We are all a bunch of masochists at heart and subconsciously have an overwhelming desire to be trod upon by women in razor sharp stiletto heels (by the way, given that the average women in a pair of high heels exerts a pressure of aprox. 2 tons per square inch, we at *Knave* don't recommend your trying this at home).

Theory 2: Here the assumption is that instead of being a bunch of masochists we're all actually sadists who delight in the discomfort ("My feet are *killing* me") caused by wearing such shoes. Related to this is the idea that we are turned on by the fact that women wearing high heels need our support — which emphasises our dominance.

Theory 3: People watcher Desmond Morris (in his book *Body Watching*, Grafton Books) has pointed out that long legs are sexy becasue they are a sign of being a sexually mature adult. In infants and children the length of the leg is typically less than one half of body height, while in adults leg length typically accounts for one half or more of overall height. High heels are sexy, therefore, because by increasing the length they emphasise what is in effect a secondary sexual characteristic.

Theory 4: As that old Fats Waller song — 'Your Feets Too Big' — suggests, large feet in women are a sexual turn-off. Accordingly, high heels are sexy because they make the foot appear to be smaller.

Theory 5: The elevation of the heel caused by the wearing of stilettos causes the backside to be thrust up and out, rendering it more prominent and increasing its wobble factor while walking.

My money is one the last theory. Like a lot of *Knave* readers, our non-human, male primate relations all find the sight of a prominent female backside arousing. This is because baboons, chimps, gorillas and such like all screw in what is commonly known as 'The Doggy Position' (but could equally be known as 'The Gorilla Position', etc.). When the females of these species come into heat their backsides become not only more prominent, they actually turn bright colours of pink, red or purple and by this signal the males know that they should skip a night of drinking down the pub with their mates and stay home for a bit of the other. I've been told that male baboons become sexually aroused simply at the sight of the right shade of bright pink and it is, I think, interesting to note that if baboons had magazines like *Knave*, the editor's job would be even easier as he would simply have to have all the pages printed in identical shades of bright pink.

My point is simply that millions of years of evolution have conditioned us to be turned on by the sight of a prominent female backside and it stands to reasons that high heels must derive a considerable amount of their sex appeal from this fact. Human females may not be physically equipped to naturally change their rears to a bright pink colour (except after too much sun bathing) but they can call attention to this part of their bodies by either wearing things like brightly coloured hot pants and so forth or, by wearing high heels to thrust the arse up and out.

Given how effective stiletto heels are at accomplishing this, it is a bit surprising to discover that they were only invented in relatively recent times. It was the Italians (who, to a man, seem to like a prominent backside) who invented the stiletto in the 1950s. The reason why it took so long to perfect the stilleto is simply that it is such a high tech piece of equipment. A thin, internal shaft of high quality steel, coated with a very tough kind of plastic, is required to take the strain of 2 tons per square inch.

Which is not to say that *high heels* were only invented in the 1950s. Heels were originally introduced as early as the 17th century in Europe. These were made for men to wear on horseback (as any of you cowboys will know, this makes it easier for the rider's feet to stay in the stirrups).

But what began as a practical device soon caught on as a fashion, and the size of the heel grew and grew. Then women — even those who didn't know one end of a horse from the other — got in on the act and they too delighted in competing to see who could totter around in the highest heels. As Colin McDowell points out in his book *Shoes: Fashion and Fantasy* (Thomas & Hudson): "At the court of Louis XVI, women wore such extreme high heels that they could walk only with the aid of a stick and could not tackle stairs without the help of an admirer, servant or, if all else failed, a husband."

In Britain too, high heels reached dizzy heights. In the 17th century Parliament decided to put its foot down and a decree was issued which stated that 'Any woman who, through the use of high heeled shoes or other devices, leads a subject of Her Majesty into marriage, shall be punished with the penalties of witchery'. As far as I know this is still on the statute books and I should think it would make an interesting test case if any of you husbands out there fancy a bit of litigation.

Of course no one, even in the 17th century, paid any attention to this decree and went on wearing their high heels. In France, however, the leaders of the French Revolution saw high heels as a sign of aristocratic decadence and there, with the sound of the guillotine concentrating their minds, most took to wearing flat shoes. But, then, as the days of the revolution gave way to the nights of Napoleon and the Empire, the high heel returned — especially for women and often with the heel decorated with jewels. These were known as 'Come-hither Shoes' and by all accounts there was indeed a lot of coming and hithering.

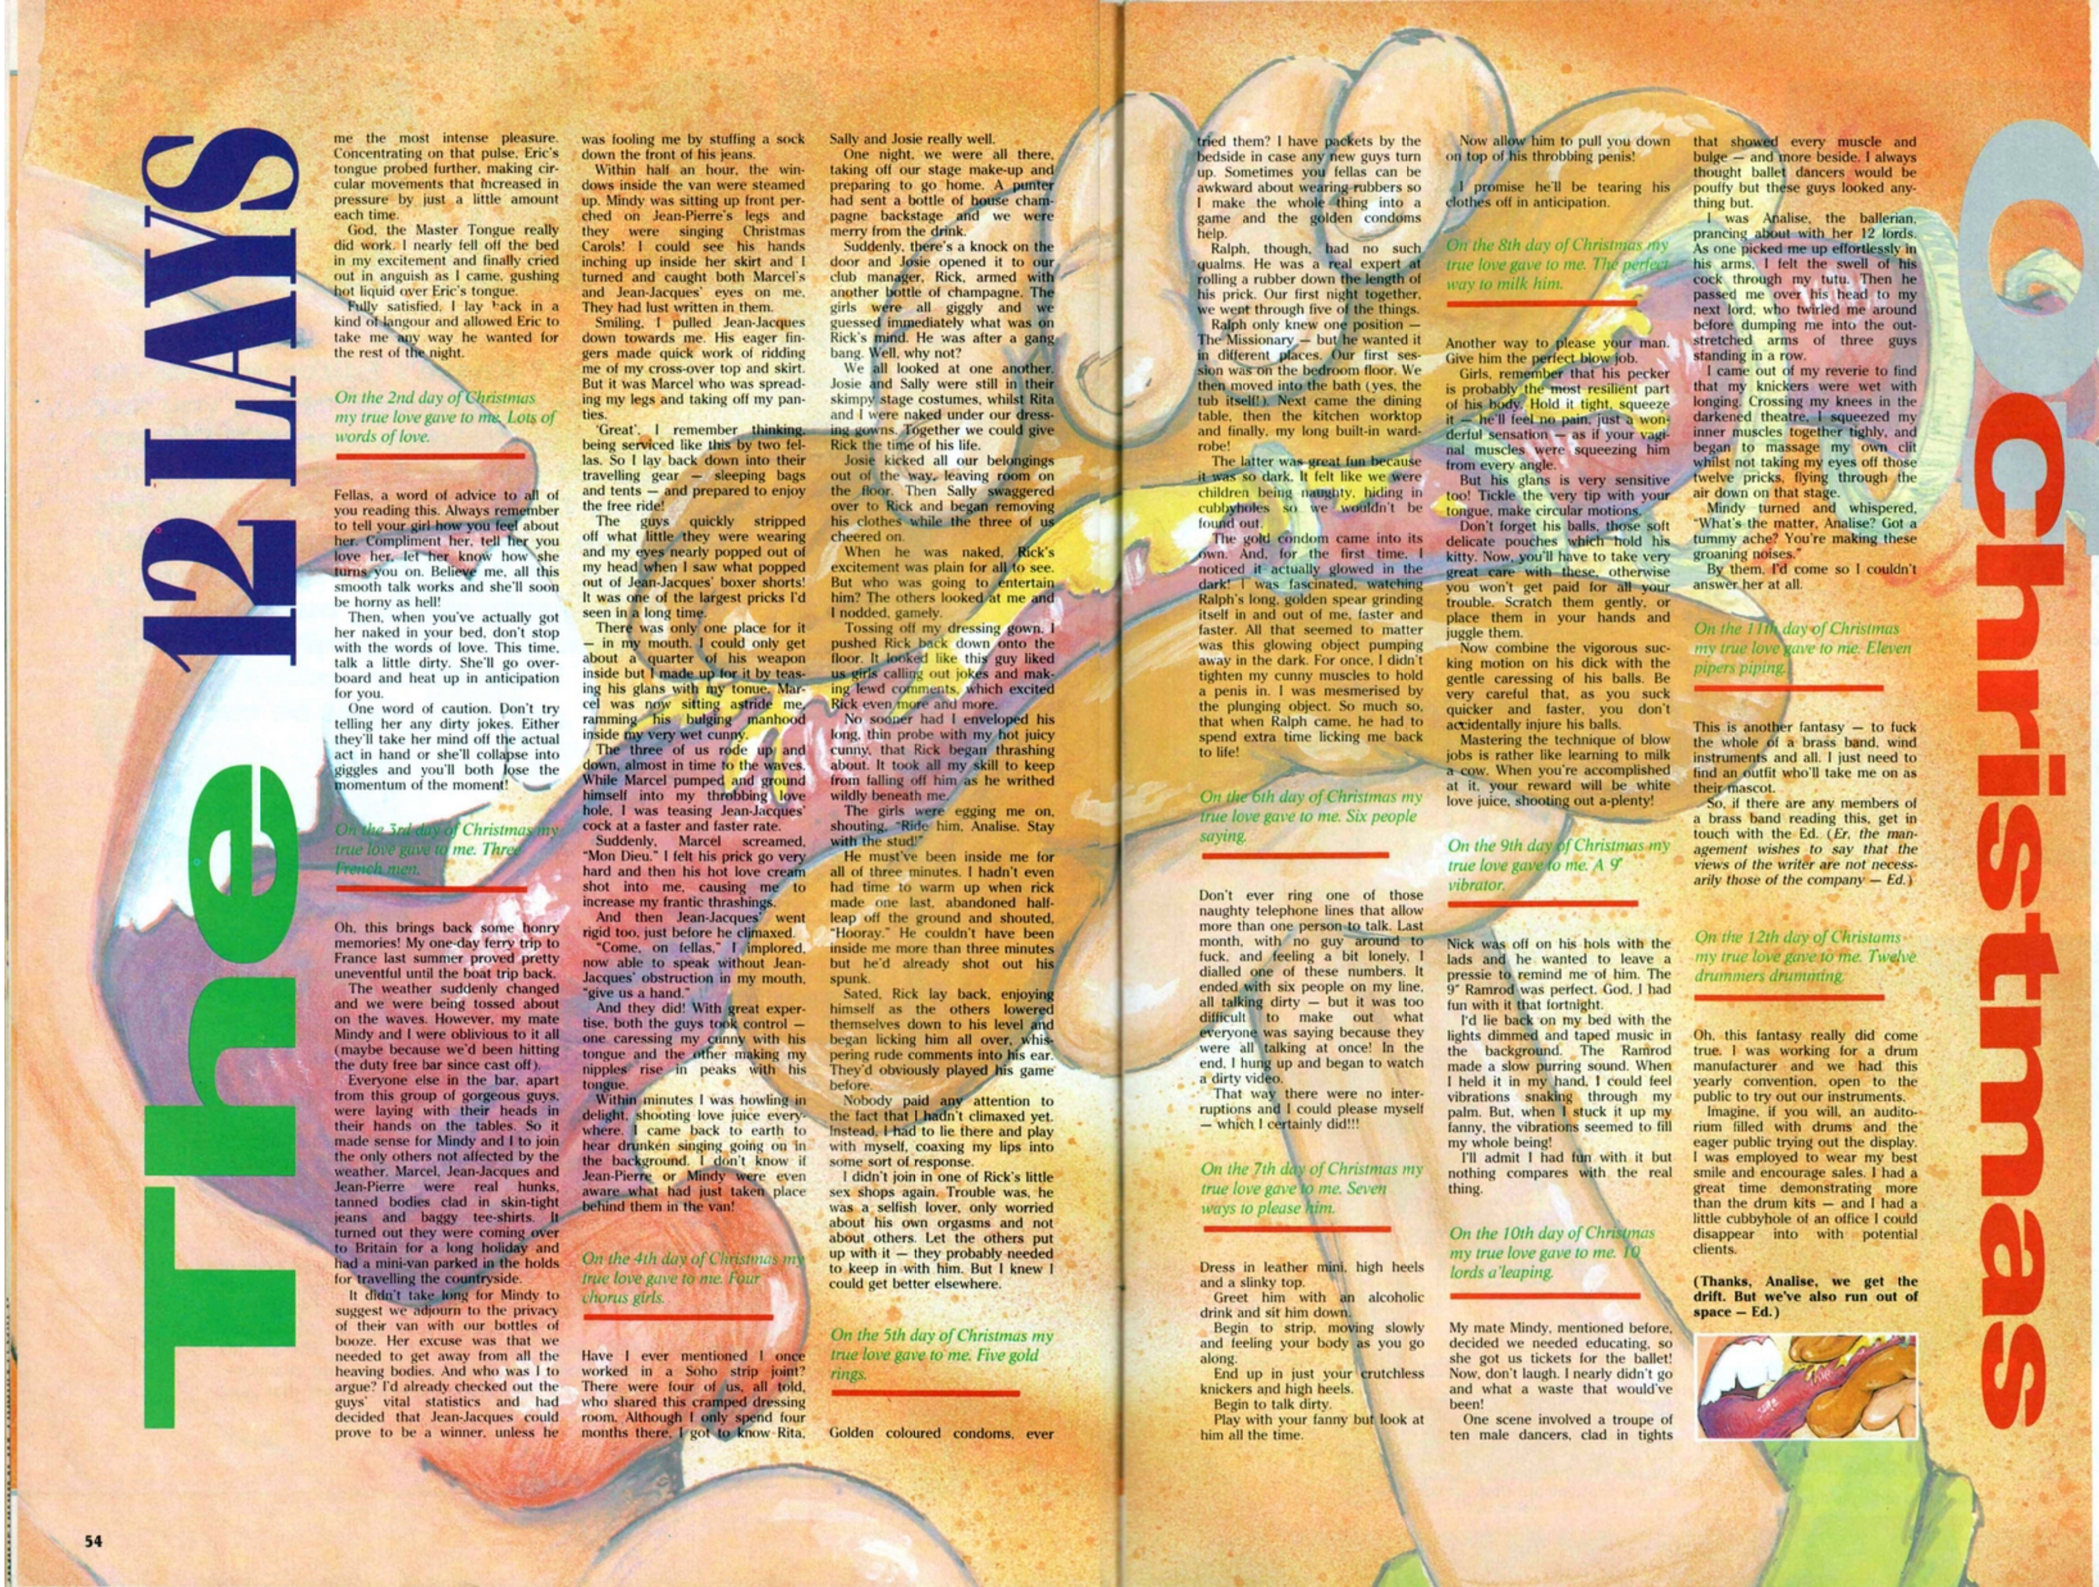
By the 1980s, even though dresses were worn so long that you couldn't actually see what sort of shoes or boots a women might be wearing, heels were often worn as high as six and a half inches. Where these differed from the modern day stiletto was in their chunky and unattractive width. Made of plaster and protected with a metal heel plate, these broke if they were not very wide (and heavy). Late, heels made of bakelite were tried but these too let a woman down. So the world simply had to wait for the cunning Italians to work out the engineering required for the stiletto.

As soon as the stiletto was invented it took off in a big way and became the supreme symbol of the late '50s and early '60s when film stars adopted them. Brigitte Bardot, Anita Ekberg, Jayne Mansfield, Diana Dors and most other female stars of the silver screen used stilettos as a central part of their image. As Marilyn Monroe once said, "I don't know who invented the high heel. But all women owe him a lot." And men — for what could be a finer sight than a well proportioned woman like Marilyn sashaying down the street? By the way, it has been claimed that MM further accentuated the wiggle in her walk by having half an inch cut off from *one* of her shoes.

The relationship between shoes and sex does not, however, end or begin with the stiletto or even the high heel. The hookers of Ancient Greece had the words 'FOLLOW ME' (in Greek of course) cut into the soles of their sandals (which suggests that the Greeks invented advertising as well as just about everything else).

From the 12th to the 15th centuries in Europe, the main thing which people talked about was a kind of men's shoe called the *poulaine* which had huge points at the toes (often reinforced with horse hair or even tied to the knee). What everyone got hot under the collar about in one way or another was the obviously phallic implications of such shoes and the fact that: "a young blood enjoyed sliding a foot under a woman's skirts as he sat opposite her at table or, with his friend on the street corners, waggling his toes suggestively as the girls walked by." (according to Colin McDowell in *Shoes: Fashion and Fantasy*). It's funny, because the *Fiesta* Ed can perform a similar trick inside his trousers . . .

The 12 LAYS Of Christmas



me the most intense pleasure. Concentrating on that pulse, Eric's tongue probed further, making circular movements that increased in pressure by just a little amount each time.

God, the Master Tongue really did work. I nearly fell off the bed in my excitement and finally cried out in anguish as I came, gushing hot liquid over Eric's tongue.

Fully satisfied, I lay back in a kind of langour and allowed Eric to take me any way he wanted for the rest of the night.

On the 2nd day of Christmas my true love gave to me. Lots of words of love.

Fellas, a word of advice to all of you reading this. Always remember to tell your girl how you feel about her. Compliment her, tell her you love her, let her know how she turns you on. Believe me, all this smooth talk works and she'll soon be horny as hell!

Then, when you've actually got her naked in your bed, don't stop with the words of love. This time, talk a little dirty. She'll go overboard and heat up in anticipation for you.

One word of caution. Don't try telling her any dirty jokes. Either they'll take her mind off the actual act in hand or she'll collapse into giggles and you'll both lose the momentum of the moment!

On the 3rd day of Christmas my true love gave to me. Three French men.

Oh, this brings back some honry memories! My one-day ferry trip to France last summer proved pretty uneventful until the boat trip back.

The weather suddenly changed and we were being tossed about on the waves. However, my mate Mindy and I were oblivious to it all (maybe because we'd been hitting the duty free bar since cast off).

Everyone else in the bar, apart from this group of gorgeous guys, were laying with their heads in their hands on the tables. So it made sense for Mindy and I to join the only others not affected by the weather. Marcel, Jean-Jacques and Jean-Pierre were real hunks, tanned bodies clad in skin-tight jeans and baggy tee-shirts. It turned out they were coming over to Britain for a long holiday and had a mini-van parked in the holds for travelling the countryside.

It didn't take long for Mindy to suggest we adjourn to the privacy of their van with our bottles of booze. Her excuse was that we needed to get away from all the heaving bodies. And who was I to argue? I'd already checked out the guys' vital statistics and had decided that Jean-Jacques could prove to be a winner, unless he was fooling me by stuffing a sock down the front of his jeans.

Within half an hour, the windows inside the van were steamed up. Mindy was sitting up front perched on Jean-Pierre's legs and they were singing Christmas Carols! I could see his hands inching up inside her skirt and I turned and caught both Marcel's and Jean-Jacques' eyes on me. They had lust written in them.

Smiling, I pulled Jean-Jacques down towards me. His eager fingers made quick work of ridding me of my cross-over top and skirt. But it was Marcel who was spreading my legs and taking off my panties.

'Great', I remember thinking, being serviced like this by two fellas. So I lay back down into their travelling gear — sleeping bags and tents — and prepared to enjoy the free ride!

The guys quickly stripped off what little they were wearing and my eyes nearly popped out of my head when I saw what popped out of Jean-Jacques' boxer shorts! It was one of the largest pricks I'd seen in a long time.

There was only one place for it — in my mouth. I could only get about a quarter of his weapon inside but I made up for it by teasing his glans with my tonue. Marcel was now sitting astride me, ramming his bulging manhood inside my very wet cunny.

The three of us rode up and down, almost in time to the waves. While Marcel pumped and ground himself into my throbbing love hole, I was teasing Jean-Jacques' cock at a faster and faster rate.

Suddenly, Marcel screamed, "Mon Dieu." I felt his prick go very hard and then his hot love cream shot into me, causing me to increase my frantic thrashings.

And then Jean-Jacques' went rigid too, just before he climaxed.

"Come, on fellas," I implored, now able to speak without Jean-Jacques' obstruction in my mouth, "give us a hand."

And they did! With great expertise, both the guys took control — one caressing my cunny with his tongue and the other making my nipples rise in peaks with his tongue.

Within minutes I was howling in delight, shooting love juice everywhere. I came back to earth to hear drunken singing going on in the background. I don't know if Jean-Pierre or Mindy were even aware what had just taken place behind them in the van!

On the 4th day of Christmas my true love gave to me. Four chorus girls.

Have I ever mentioned I once worked in a Soho strip joint? There were four of us, all told, who shared this cramped dressing room. Although I only spend four months there, I got to know Rita, Sally and Josie really well.

One night, we were all there, taking off our stage make-up and preparing to go home. A punter had sent a bottle of house champagne backstage and we were merry from the drink.

Suddenly, there's a knock on the door and Josie opened it to our club manager, Rick, armed with another bottle of champagne. The girls were all giggly and we guessed immediately what was on Rick's mind. He was after a gang bang. Well, why not?

We all looked at one another. Josie and Sally were still in their skimpy stage costumes, whilst Rita and I were naked under our dressing gowns. Together we could give Rick the time of his life.

Josie kicked all our belongings out of the way, leaving room on the floor. Then Sally swaggered over to Rick and began removing his clothes while the three of us cheered on.

When he was naked, Rick's excitement was plain for all to see. But who was going to entertain him? The others looked at me and I nodded, gamely.

Tossing off my dressing gown, I pushed Rick back down onto the floor. It looked like this guy liked us girls calling out jokes and making lewd comments, which excited Rick even more and more.

No sooner had I enveloped his long, thin probe with my hot juicy cunny, that Rick began thrashing about. It took all my skill to keep from falling off him as he writhed wildly beneath me.

The girls were egging me on, shouting, "Ride him, Analise. Stay with the stud!"

He must've been inside me for all of three minutes. I hadn't even had time to warm up when rick made one last, abandoned half-leap off the ground and shouted, "Hooray." He couldn't have been inside me more than three minutes but he'd already shot out his spunk.

Sated, Rick lay back, enjoying himself as the others lowered themselves down to his level and began licking him all over, whispering rude comments into his ear. They'd obviously played his game before.

Nobody paid any attention to the fact that I hadn't climaxed yet. Instead, I had to lie there and play with myself, coaxing my lips into some sort of response.

I didn't join in one of Rick's little sex shops again. Trouble was, he was a selfish lover, only worried about his own orgasms and not about others. Let the others put up with it — they probably needed to keep in with him. But I knew I could get better elsewhere.

On the 5th day of Christmas my true love gave to me. Five gold rings.

Golden coloured condoms, ever tried them? I have packets by the bedside in case any new guys turn up. Sometimes you fellas can be awkward about wearing rubbers so I make the whole thing into a game and the golden condoms help.

Ralph, though, had no such qualms. He was a real expert at rolling a rubber down the length of his prick. Our first night together, we went through five of the things.

Ralph only knew one position — The Missionary — but he wanted it in different places. Our first session was on the bedroom floor. We then moved into the bath (yes, the tub itself!). Next came the dining table, then the kitchen worktop and finally, my long built-in wardrobe!

The latter was great fun because it was so dark. It felt like we were children being naughty, hiding in cubbyholes so we wouldn't be found out.

The gold condom came into its own. And, for the first time, I noticed it actually glowed in the dark! I was fascinated, watching Ralph's long, golden spear grinding itself in and out of me, faster and faster. All that seemed to matter was this glowing object pumping away in the dark. For once, I didn't tighten my cunny muscles to hold a penis in. I was mesmerised by the plunging object. So much so, that when Ralph came, he had to spend extra time licking me back to life!

On the 6th day of Christmas my true love gave to me. Six people saying.

Don't ever ring one of those naughty telephone lines that allow more than one person to talk. Last month, with no guy around to fuck, and feeling a bit lonely, I dialled one of these numbers. It ended with six people on my line, all talking dirty — but it was too difficult to make out what everyone was saying because they were all talking at once! In the end, I hung up and began to watch a dirty video.

That way there were no interruptions and I could please myself — which I certainly did!!!

On the 7th day of Christmas my true love gave to me. Seven ways to please him.

Dress in leather mini, high heels and a slinky top.

Greet him with an alcoholic drink and sit him down.

Begin to strip, moving slowly and feeling your body as you go along.

End up in just your crutchless knickers and high heels.

Begin to talk dirty.

Play with your fanny but look at him all the time.

Now allow him to pull you down on top of his throbbing penis!

I promise he'll be tearing his clothes off in anticipation.

On the 8th day of Christmas my true love gave to me. The perfect way to milk him.

Another way to please your man. Give him the perfect blow job.

Girls, remember that his pecker is probably the most resilient part of his body. Hold it tight, squeeze it — he'll feel no pain, just a wonderful sensation — as if your vaginal muscles were squeezing him from every angle.

But his glans is very sensitive too! Tickle the very tip with your tongue, make circular motions.

Don't forget his balls, those soft delicate pouches which hold his kitty. Now, you'll have to take very great care with these, otherwise you won't get paid for all your trouble. Scratch them gently, or place them in your hands and juggle them.

Now combine the vigorous sucking motion on his dick with the gentle caressing of his balls. Be very careful that, as you suck quicker and faster, you don't accidentally injure his balls.

Mastering the technique of blow jobs is rather like learning to milk a cow. When you're accomplished at it, your reward will be white love juice, shooting out a-plenty!

On the 9th day of Christmas my true love gave to me. A 9" vibrator.

Nick was off on his hols with the lads and he wanted to leave a pressie to remind me of him. The 9" Ramrod was perfect. God, I had fun with it that fortnight.

I'd lie back on my bed with the lights dimmed and taped music in the background. The Ramrod made a slow purring sound. When I held it in my hand, I could feel vibrations snaking through my palm. But, when I stuck it up my fanny, the vibrations seemed to fill my whole being!

I'll admit I had fun with it but nothing compares with the real thing.

On the 10th day of Christmas my true love gave to me. 10 lords a'leaping.

My mate Mindy, mentioned before, decided we needed educating, so she got us tickets for the ballet! Now, don't laugh. I nearly didn't go and what a waste that would've been!

One scene involved a troupe of ten male dancers, clad in tights that showed every muscle and bulge — and more beside. I always thought ballet dancers would be pouffy but these guys looked anything but.

I was Analise, the ballerian, prancing about with her 12 lords. As one picked me up effortlessly in his arms, I felt the swell of his cock through my tutu. Then he passed me over his head to my next lord, who twirled me around before dumping me into the outstretched arms of three guys standing in a row.

I came out of my reverie to find that my knickers were wet with longing. Crossing my knees in the darkened theatre, I squeezed my inner muscles together tighly, and began to massage my own clit whilst not taking my eyes off those twelve pricks, flying through the air down on that stage.

Mindy turned and whispered, "What's the matter, Analise? Got a tummy ache? You're making these groaning noises."

By them, I'd come so I couldn't answer her at all.

On the 11th day of Christmas my true love gave to me. Eleven pipers piping.

This is another fantasy — to fuck the whole of a brass band, wind instruments and all. I just need to find an outfit who'll take me on as their mascot.

So, if there are any members of a brass band reading this, get in touch with the Ed. (*Er, the management wishes to say that the views of the writer are not necessarily those of the company — Ed.*)

On the 12th day of Christams my true love gave to me. Twelve drummers drumming.

Oh, this fantasy really did come true. I was working for a drum manufacturer and we had this yearly convention, open to the public to try out our instruments.

Imagine, if you will, an auditorium filled with drums and the eager public trying out the display. I was employed to wear my best smile and encourage sales. I had a great time demonstrating more than the drum kits — and I had a little cubbyhole of an office I could disappear into with potential clients.

(Thanks, Analise, we get the drift. But we've also run out of space — Ed.)

DID they or DIDN'T they?

Ever watched a sex scene in a film and had someone tell you that the action going on was for real? In most cases, it's rubbish, but as in everything else, there are exceptions to the rule. ROBERT DUPEA takes a spool through a few movies to discover the guilty parties . . .

When novelist Norman Mailer directed a film in 1987, one of his actesses felt he didn't like women. "Look at what I'm doing in *Tough Guys Don't Dance,"* moaned Frances Fisher. "I go down on two guys . . . get fucked on a jeep . . . and get my head chopped off."

Relax, Frances. No one remembers the (lousy) film and everyone knows that you didn't do any of it for real. There are some film actresses that have, though.

Certain Hollywood parties are *supposed* to show out-takes proving the point – of entry, of penetration – in classic sex scenes from straight movies.

I can't say whether they really do or not. I haven't seen the out-takes – if indeed they actually exist. But presumably some do. If a director shoots five or six takes on one scene, only two or three are ordered to be printed. The best one of those is later selected for editing into the final film.

Therefore, one or two takes remain unused and left gathering dust on the shelf. Or, more precisely, on hooks in an editing suite, before being salted away in film-cans into studio vaults. Some of those could conceivably reveal rather more of naked stars in a sexual tussle than the director intended or dared use.

A naked Marilyn Monroe dropped a bed sheet from her grasp in a mild scene with Clark Gable during *The Misfits,* revealing one of President Kennedy's favourite tits. Impossible to show, though, in 1961; as much as Marilyn wanted it to be seen. It was her favourite tit, too, which is why she let the sheet topple in the first place.

And the list of real sex scene possibilities is endless. In truth, there are more plausibilities than possibilities.

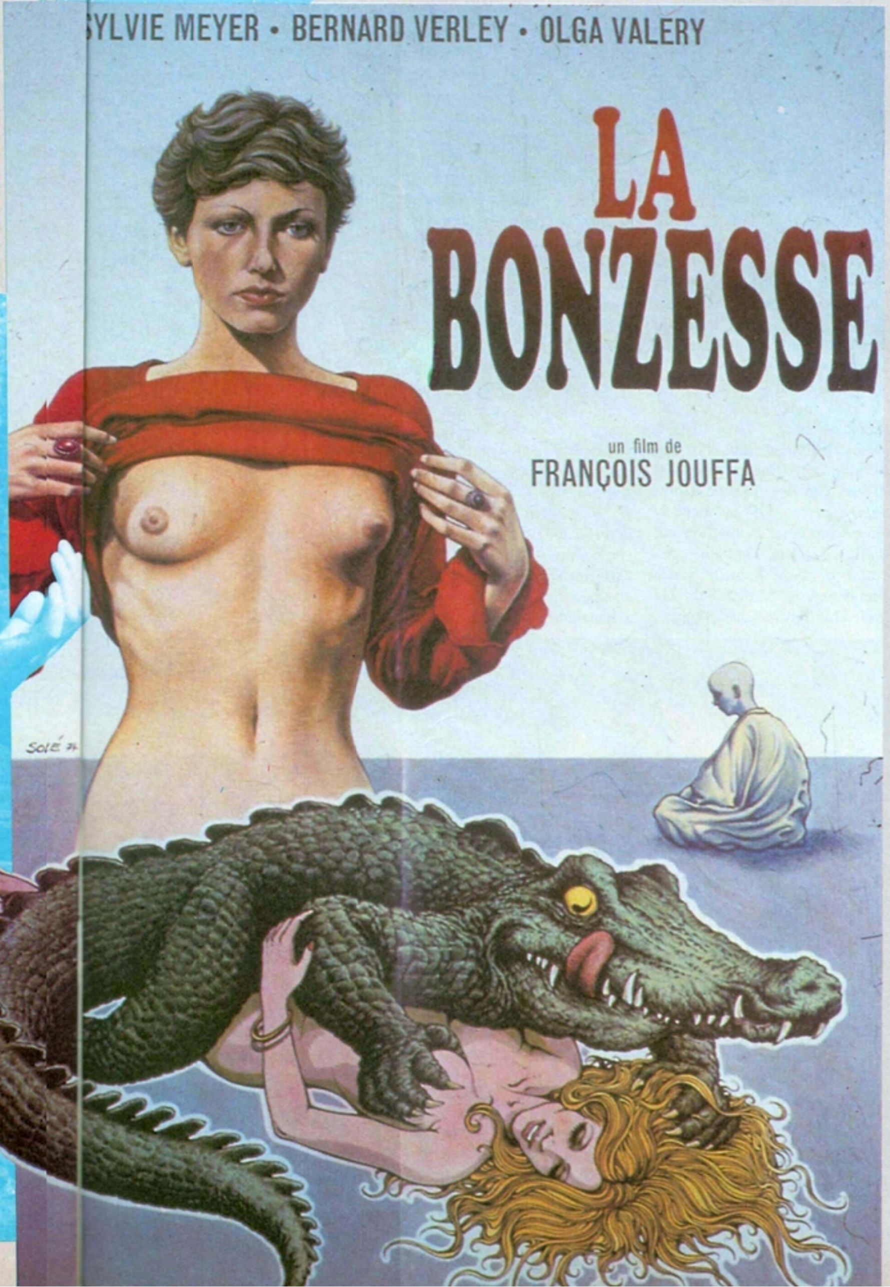
Given a director with balls, clever lighting and camera angles (even the musical score helps), first-rate, fearless actors and anything can look real. In years gone by, one British censor insisted to Roger Vadim that he saw Brigitte Bardot's pubes during her infamous scandal film of the 50s, *And God Created . . . Woman.* Public pubic hair? In 1956 . . .? The man was off his nut! No such scene existed.

The censor had simply believed he'd caught a flash because he'd wanted to see her pussy. B.B. only ever stood for: Beautiful Bottom. That's all she ever showed. She never dared display any trace of nipple, let alone pubic strays until towards the end of her career.

The power of acting is all. Hell, if Meg Ryan can fake an orgasm sitting at a luncheonette in *When Harry Met Sally,* why would you believe every screenic ride is the real thing?

It's often been suggested that at least one French couple really fucked in a film as long ago as the 50s – probably in *The Lovers.* However, neither Jeanne Moreau or Jean-Marc Bory ever admitted to it, and no footage has ever been unearthed to prove they did.

So that remains the one film that puzzled English girls old enough to see it in 1958. One scene had Moreau lying on top of Bory in a bath tub. Then, she proceeded to slither her way down his chest, until she disappeared out-of-frame, off-screen.



DID they or DIDN'T they?

And English girls (Americans, too,) could not understand where she had headed . . . Nor, alas, why!

Times have changed. First, Kinsey, then the 1969 re-birth of porno put sucking back on the sexual menu. Now Ben Elton can joke about it on BBC1. Obviously, if you lined up all the (mainly Catholic) girls who followed the Linda Lovelace theory and sucked (mainly Jewish) cocks in the American hard-core sexplosion, they'd reach half-way to the moon.

The number of *actresses* who've done it are fewer. Brave girls, every last one.

Remember, I'm talking *actresses* here. Not porno queens (bless 'em!) Indeed, I'm talking about at least two star names – in their homelands, if not ours. And no, they were not attacked by the tabloid papers of their countries. Instead of BAN THIS FILTHY X SLUT (as would happen in Britain), they were praised for it. This, then, is our salute to the few . . . The Heady Few . . .

We start in France – where better – with actress Sylvie Meyer. Sylvie was – and still is! – a gorgeous, minxish temptress. She'd give a hard on to a eunuch's big toe and make him wish he'd never chopped off his chopper. I think you get my drift. Sylvie Meyer is a most edible young woman.

In 1973, a Paris radio and TV journalist called Francois Jouffa was not content with merely doing journalism. So, he made his first film, *La Bonzesse*. His star was the superlative – and eventually bald – Sylvie.

In a new French cinema book, *Between Two Censorships* (Editions Ramsay), co-written with English journalist Tony Crawley (*Knave's own film expert – Ed*) and unlikely to be reprinted in English, not with all those hard-core pictures in it! – Francois Jouffa detils how *la merde* hit the fan when his film was due to open.

La Bonzesse is a true story about a French girl becoming a hooker. Seen it before, right? Not quite. This girl joined a busy brothel to earn enough scratch for her itch about going to Sri Lanka and becoming . . . a Buddhist nun. A bonzesse.

He needed a girl of 21, "liberated from all social taboos, particularly obstacles to sexual freedom, a girl who would not be shocked upon reading the scenario." Sylvie was so keen she didn't even balk at shaving her head for the ordination scenes on location in Sri Lanka. In Paris, she went through all the usual simulations of a working girl's life. But one sex scene was excised by French censorship. The one in which she gave real head to a "client."

After about a month, the controversial film moved out of the celebrated Champs-Elysees – to make room for a little item called *Emmanuelle*. No censorship of Sylvia Kristel and Christine Boisson (supposedly) wanking in the afternoon sun of a Bangkok garden, muchless of Sylvia's spirited "fucking" in an airplane loo – or being the meat in a sexual sandwich between her old mentor and a young Thai stud.

But the Jouffa film remained nipped in the . . . head!

More than a dozen years later, when it was due out on video, the blow-job was still missing. Jouffa refused permission for any cassette release until: "the head was returned to the body!"

Sylvie Meyer went on to make *The Golden Mass* which concerned incest (appearing in a ritualistic orgy sequence in which she covers her face with the blood of a virgin's cherry), and *City of Women* for Fellini. She has since married the French painter and (very erotic) film-maker Charles Matton. They met on the set of his funky *Spermula*, when he directed her slowly, surely, sweetly, masturbating.

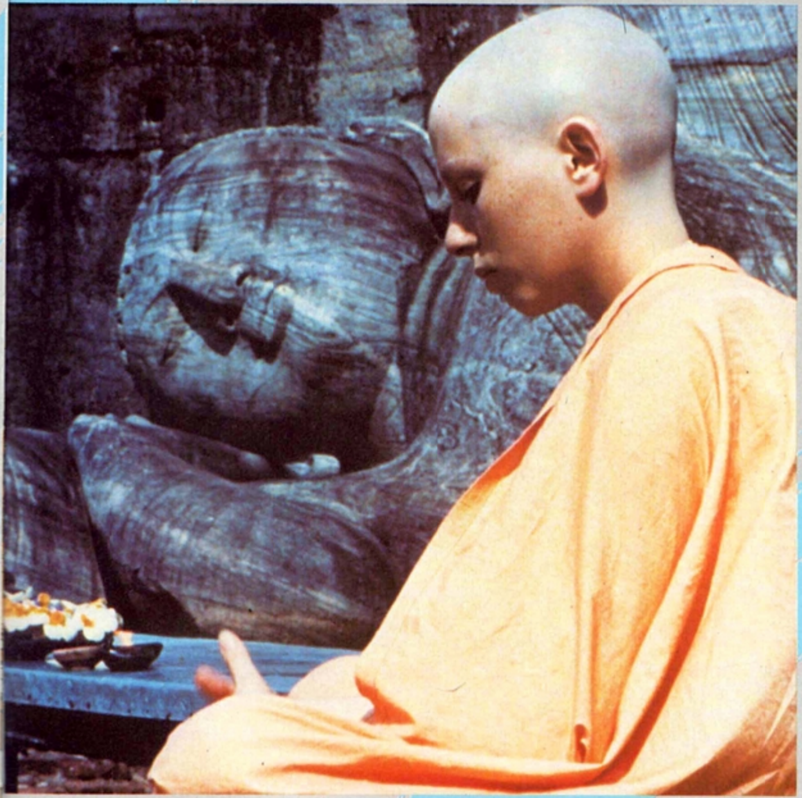
Obviously, Sylvie remembers *La Bonzesse*. She enjoyed it so much – including the little slice of cock-sucking – she nearly agreed to star in the first real French porno hit, *Pussy Talk*.

"I thought about it, quite seriously – because I love to shock people. It's good for their health. Their mental health, *non?* Except I'm not Marilyn Chambers. I wish I was. The way she acts – or reacts – is *beautiful*. Like the way she does a blow-job. Fantastic!

"*Behind The Green Door* is still the only porno film to have excited me. I would've loved being in her place. Having six girls taking care of you . . .! (I know it was six, I counted them!) And then this big black guy coming in with his big, black cock and making love . . . for so long!

"The problem is, making love can be the most vulgar thing or the most beautiful to watch. All the hard-core fucking I've seen is not nice. Either the girl is not pretty enough or her *sexe* is too wide open . . . I've never fucked in public. I don't know if I could. Just a personal matter. Maybe I should use a mirror sometime. But making love to a woman would be no problem, I've done that in my life.

"The real trouble was: I hate fucking! Don't get me wrong, I *adore* making love. There *is* a difference – *et vive la différence!* My motto in life is: Make love, don't fuck. So to make a hard-core film would be impossible for me. Also, I knew I could do it better acting it, or faking it, than doing it for real. I would lose the veneer of the actress.



"I've proved that during another scene in *La Bonzesse*. This guy takes me to a special place where men queue up to fuck me in front of him – you know that kinda trip? All that fucking was fake. Yet the producer thought we were really doing it. So I know I'd be more convincing at acting a sex scene than fucking for real. I would not be the actress. I would not be in command anymore. When you're acting a sex scene, a little part of your brain remains aware of what is going on, you retain control.

"But the *fellation* – the cock sucking scene – that was short. That was easy. It was just me and this guy. Not one of the stars. A kind of extra, really. An old man. He worked just the one day. Couldn't believe his luck! He told me he hoped he could see me again! I politely said: Maybe.

"Like all the naked *mecs* (guys) on the set, he was terrible. Not their fault. Under the lights and with tons of people around, there's nothing to see. No hard ons! Very little you can do with them – you have to cheat. So, no problem slipping him into my mouth. Besides, I'd accepted the whole film. Because I believed in it. A good film. Still is today.

"The cock-sucking wasn't a last minute idea sprung on me. It was in the script; admittedly without specifying it was to be done for real! So, yes, that was a bit of a surprise. But I love surprises! Anyway, I had agreed to do the whole film – the director was a close friend, I trusted him.

"The worst thing was then the censors told us to cut the blow-job and some of the brothel Madame's language in the film. Then, they saw it again and said: 'OK, you've cut it – but it's still banned!' They never did this before with a French film in France, never refused a film *twice!* Personally, I find many things more shocking than film – in society, in politics.

"Our censors are *misogyniste*. They hate women! Oh, they're such a reflection of the overall French mentality. Don't believe all you read – most Frenchmen hate women. They need to be woken up from their sexual, sociological taboos. So many people out there are ill. Sexually ill.

"Listen, there was one man among the censors who started shouting: 'We can't have this scene of that pussy up there – all open and green and looking horrid.'

"According to him I had a green pussy. Well, you can assure your readers, mine isn't green. You've seen it. You know. Not green today. Not then. Not ever. So, everybody looks at this man. 'What do mean, where is this open green pussy?' They ran that part of the film again. And, of course, there had never been such an image on the screen. He was having some weird fantasy.

"There are shots of my *sexe*, at the beginning of the film, with my first client, but there's nothing horrid about *my* pussy. It was not green. And never open. Like me, it was completely pure in this film. Completely opposite to the action of the film. Yet, they tried to ban us.

"Then, guess what? *Emmanuelle* opened and almost every other French film had close-ups of pussies. Bardot never showed hers, nor Delon his cock until after *La Bonzesse*. Next, French porno arrived. I really started something, huh?"

lots of married women have boy friends these days, but most of them do things behind their husbands' backs, I don't want to do this, I want to be completely open with you." She told me it wouldn't make any difference to our marriage, she still loved me and didn't want to leave our lovely home, but I would have to be prepared to share her with other men.

One night, Sarah phoned me from a friend's house, a girl called Tracy – she told me she was at a party and asked me if I would like to go along. Sarah said it was a very easy going party and everybody does their own thing. Of course, I jumped at the chance. By the time I had contacted a baby sitter it was quite late and the party was in full swing. Tracy let me in and I could see that everyone was already half pissed, some of the girls were already half undressed. It was a large room with comfortable chairs and settees spread around, and there was a bar in one corner. Some couples were dancing while others were enjoying themselves in other ways, and I was surprised to see that about half the men were black *(Why? – Ed.Asst.)*. I didn't feel out of place as most people seemed to be there just to drink and watch the action.

Tracy gave me a drink and pointed Sarah out to me. When I saw her I had a real shock – she was sitting on the knee of a young black man and she had already lost her blouse. He was fondling her tits and Sarah was kissing him passionately. When Tracy told her I had arrived, she came over to me and didn't seem to care that she was half naked and everyone was looking at her. I could see that she had been drinking and her nipples were hard and prominent. Sarah kissed me, and said, "I want you to meet my boy friend." Then she took my hand and led me across the room. He had his shirt off and when he stood up I could see how muscular he was. Sarah said, "This is Dave." Then she turned to him and said, "Darling, this is my husband, Chris." As he shook my hand I didn't know what to say, I didn't expect her to be so open about it. Dave had his arm around her waist and he said, "You've got a really sexy wife here," then Sarah put her arms around his neck and kissed him slowly on the lips. I could see her breasts pressing against his chest. I couldn't believe this was my wife – I knew she played around but as I watched them kissing I realised that although I was her husband, I would always have to share her with other men.

Sarah said to me, "Sit here, you'll be able to see better." Then she slowly unzipped her skirt and stepped out of it, she was wearing nothing but her red stiletto heels and she seemed to revel in her nakedness. A lot of men were staring at her and she stood for a few moments showing herself off. She looked really beautiful and so very sexy. Then they both sat down opposite me. I saw Sarah look at me, then she leant right back and put her heels on the seat, and, without taking her eyes off me, she slowly spread her legs wide apart. She seemed to have no shame at all, she was displaying her cunt to everyone. I had seen photos of Sarah posing with her legs wide apart but I didn't expect her to do it in a room full of people, she's a real exhibitionist! As she looked at me, she took Dave's hand and placed it straight between her legs. I could see his black fingers playing with her pussy and I was so excited I couldn't stop shaking. Sarah knew the effect she was having on me and I knew Dave was getting a real kick messing around with my wife in front of me. A crowd of men and women had gathered to watch and I could hear them shouting encouragement. Sarah started to unbutton Dave's trousers and when he slipped them off I could see why she had wanted him so much – he had the biggest prick and balls I had ever seen, a long, thick black monster, it must have been at least ten inches. Sarah was fascinated and couldn't keep her hands off it, I could see her wedding ring glinting in the light as she ran her fingers along his full length.

Suddenly he picked her up in his arms and laid her on the soft carpet in front of me, then he spread her legs wide and buried his head between them. I could see my wife's breasts rising and falling as her breathing got heavier, she was squirming in ecstasy. Then he was on top of her and slowly easing himself into her. It was a fascinating sight to see his long black prick sliding into her inch by inch while Sarah was lifting her hips and forcing his cock into her cunt. Some couples had already paired off and were enjoying themselves in different parts of the room but most people had obviously come just to watch the action. I noticed that the bar was now deserted and Sarah was attracting a big crowd of spectators. They were all very excited and shouting encouragement to Dave. I was surprised to see so many wives and girl friends enjoying it as much as their men.

Sarah was really in her element, she loves an audience. As I looked at her face, her red lips were slightly parted and she was so sexy that I just felt I wanted to kiss her. It's a strange feeling to watch your wife giving her whole body to another man. At the back of my mind I knew it was wrong and I should be stopping her but I knew I couldn't, anyway it was so exciting I didn't want it to end. He lifted her legs high and as he slid right into her, I was surprised to see Sarah take this huge prick so easily. Dave's muscles rippled as he pushed into her and Sarah's eyes were closed. She was breathing deeply and her whole body was rocking to and fro in unison with him. He was thrusting hard and I could see his hard balls banging into her soft bottom. Then, suddenly he shuddered to a stop and Sarah called out – I knew he was shooting his full load into her and I was shaking with excitement. They stayed together kissing, then he lay down beside her – his prick was softer now but it still seemed very big and I could see thick, white liquid still oozing from the tip.

Then Sarah did something that really shocked me – in front of everyone she started to lick and suck his prick and balls clean. Everybody loved this, it was so thrilling and they were all cheering her on. Dave was soon hard again, his big black weapon was throbbing and looked so powerful against Sarah's pretty face. She took the head of his prick in her mouth, her red lips were stretched to take his full width. Then she held it in her hand and her red nails were shining as she slowly started to stroke him. The stroking got faster until, suddenly, he shouted and his prick lurched out of Sarah's mouth. His spunk shot over her face and hair and I thought it would never stop, it was like a fountain of white cream. Sarah managed to get his prick into her mouth again and I could see the spunk seeping through her lips. Everyone was really excited now but none more than me. After Sarah had sucked him dry one of the girls helped clean her face, although she couldn't get it out of her hair.

Then, after Sarah had put on more make-up I saw one of Dave's black friends stripping off. He looked even stronger than Dave and he came up behind Sarah, kissed her on the cheek and whispered something in her ear. He put his arms around her waist and she laughed as he lifted her off the ground and spread her over a table so that her legs were over the edge. She was still wearing her high stiletto heels and this meant that as she rested her head on her arms, her bum was sticking up and when he pushed her legs apart, her cunt was completely exposed. What a sight, it was the most exciting thing I had ever seen! He stood to the side so that his mates could get a good look and they were all crowding round to get a better view. Everyone seemed to be well pissed by this time and they were whistling and shouting, some of the comments were pretty crude, even the women were joining in and they were dying to see Sarah get a good fucking. I could see my wife smiling and enjoying all the attention. He was still standing to one side as he started to run his hand over her bottom and inside her smooth thighs. His black hand made her skin look very white and her cunt was big and swollen as he used his finger to part her lips and explore her most private parts. It was so exciting, the atmosphere was electric and I knew Sarah would be busy all night, all the fellows were talking about her and what they would like to do to her!

It was even more exciting when he invited his friends to take part. Four men came forward and began to run their hands over Sarah's bottom and pussy, it was wet and slippery and she opened her legs even wider for them. I could see by her face she was loving every minute and really enjoyed exposing herself to everyone's gaze, and you can imagine the state I was in. Then he stood behind Sarah and started to rub the tip of his cock around her moist slit – it wasn't quite as long as Dave's but seemed to be even thicker. Everyone moved to the side to get a better look and I could see Sarah was going crazy and couldn't wait to be fucked, but she had to wait while Tracy rubbed vaseline all over his prick – she really took her time and I'm sure all the watching women would've loved to do it for her! Then he started to slide his black stick into her. He was a real showman and was in no hurry, gradually easing his prick into her, stopping every so often so that everyone could see. When his whole length was inside her he began to pump, slowly at first, then faster. He had his hands round Sarah's thighs and every time he pushed forward he pulled Sarah towards him – he was a bit rough and seemed to be using all his strength to bang her as hard as he could. Sarah raised her head and her eyes were closed as she stretched her arms wide and clutched the edge of the table tightly. He came with such force, he seemed to explode inside her and Sarah's whole body shook. Then as she lay still I could see his spunk running down her legs. I'll never forget it.

I felt completely drained and I realised I had shot my load. Sarah came over, kissed me, and said she was going to get cleaned up – her eyes were shining and she looked very happy. As she walked across the room I watched her kissing and flirting with all the boys as they all tried to get their hands between her legs – she was having the time of her life! Sarah was the most popular girl in the room and I felt thrilled and proud to know she was my wife. I went to get a drink and cool off, then I had to leave to let our baby-sitter go home. As I left I saw Linda lying with a man, she was completely naked and I wondered what her husband would say if he could see her now!

Sarah eventually arrived home as I was having breakfast. She looked tired but happy, she said she hoped she hadn't shocked me too much. I had to admit that I was shocked but it was the most exciting evening I had ever spent. Sarah told me she had a great night and really enjoyed herself – it was better for her knowing I was watching, anyway, all the boys expected it of her now and she didn't want to disappoint them! She said she couldn't remember exactly how many men had fucked her but it was at least six, in various positions and she had sucked off another two.

She seems to be insatiable, she even invites our young milkman in for a 'quickie' from time to time. She told me she loved being shagged, she couldn't do without it, but she said I was a wonderful husband and father, anyway, I was more than a husband, I was her best friend and she loved being able to discuss her sex life in detail with me. I was still as randy as hell but she didn't want me to make love to her, instead

TIME TWISTERS

According to the Bible, the Nativity of Jesus Christ took place when Caesar Augustus sent out a decree that all the world should be taxed. This started a system with which we are all now depressingly familiar.

Tax evasion was though of in those days too, so Augustus ordered a census to be held. In fact, to ensure maximum revenue he had a census taken on three separate occasions – 28BC, 8BC and 14AD. Historians generally agree that we can discount the first and third occasions as being in the year of the Nativity. In which case the Christmas we celebrate this year needs to be updated to 1998.

Conflicting evidence is provided by the "three wise men of the east." The 'star' they are reported to have followed, although still argued about among astronomers, does have some supporters for being a conjunction of the planets Mars, Saturn sand Jupiter. Astronomical calculations establish this as occurring in 6BC, which reduces the updating to Christmas 1996 this year.

Theologians come out with a different calculation, based on a contemporaneous stone unearthed in recent years, which indicates that the infamous King Herod died in 4BC. If this is so, then according to whether it was before or after December 25, we could be approaching Christmas 1993 or 1994.

All three groups of experts agree that somwhere along the line someone got the dates inextricably mixed up. The blame generally is put on Dionysius Exigus, a Russian monk who moved to Italy in 533AD and started reckoning dates from the birth of Christ. The trouble is no-on can agree on what date he accepted as Christ's birthday.

"Time had certainly got out of hand, with Spring seed sowing festivals being held three months before Spring had arrived."

Although Christians have managed to come to terms with the conflicting Christmas timing riddle, there are many people in the world who still disagree. Jewish comminities consider this year to be 5750. Moslems base their calendar on the *Hegira*, or flight of Mohammed, in 622, so according to their reckoning it is now 1368, and Hindu calculations confuse the issue further with this year being 1911.

The villain of the piece concerning the length of year is Sosigenes, an Alexandrian astronomer. Earlier men of his calling had established that the earth went round the sun in 365 days flat. This was nice and tidy, no awkward fractions and everyone happy. But Sosigenes revealed that a year was in fact 365 days 6 hours long, and as a result of the earlier miscalculations the calendar was 90 days out with the sun.

At this stage time had certainly got out of hand, with Spring seed sowing festivals being held three months before Spring arrived. Something had to be done, and when presented with all the evidence, Julius Caesar was called upon to make a definitive decision. A man of dynamic action, he decreed that 67 days would be added to the year 46BC and January 1, 45BC, would become the first day of a new calendar named after him.

During the first year of Julian calendar most people lost track of their birthdays, never knew when to sow their seeds, or their wild oats for that matter. Not surprisingly, historians generally dubbed it as the Year of Confusion. It did, however, compensate for the extra six hours by adding and extra day every four years, so February 29 and leap years were born.

"In 1582, Pope Gregory XIII made his mark in time history by decreeting that October 5th would become October 15th."

This worked well enough for many centuries until scientists and astronomers equipped with measuring instruments which could now calculate accurately to seconds and even fractions of seconds, established that the length of a year is precisely 365 days, 5 hours, 43 minutes 49.7 seconds. This again upset the proverbial time apple-cart, in that it made all the Julian years 11 minutes 10.3 seconds too long. As a result the calendar was again ten days adrift from the sun.

In 1582, Pope Gregory XIII made his mark in time history by decreeing that October 5 would become October 15, so that the ten-day deficiency was eleminated at a stroke. With a bit more time tinkering 1600 was made a leap year, but not 1700, 1800 or 1900, so the sun and calendar were ostensibly in unison. But a sharp division now existed between the advocates of the Julian and Gregorian calendars. Roman Catholic countries tended to adopt the new style, but Protestant countries were suspicious of this so-called Papist plot and continued to pin their time faith in Julius Caesar.

Eventually, in 1752, Britain adopted the Gregorian calendar. By then because 1700 had not been a leap year, we were eleven days behind most of the Continent. The British Parliament now decided to act as authoritatively as the Romans had done. September 2 became September 13, Christmas Day was established as December 25 instead of January 6, and for good measure, it made January 1, 1753, New Year's Day, whereas it had been March 25 for the previous 500 years.

The world's timing is now governed by atomic clocks, so accurate that they will not lose or gain a second in 3,000 years. A day is calculated by the time it takes the earth to make one revolution on its axis, but is has been discovered that over the past 100 years, the rotation has slowed down by three-thousandths of a second a day.

Greenwich Mean Time is based on the earth's rotation, so it would gradually become out of step with atomic time if adjustments were not made. By international agreement in 1972, leap seconds were born. The last minute of the last day of June 1972 contained 61 seconds instead of 60. This put the earth back in step with atomic time, but as the earth's slowing down continued, another leap second was added at the end of the year.

What it amounts to is that atomic clocks are more reliable timekeepers than the rotation of the earth, but the two must be kept in unison. Hence there was another leap second in 1973, and 1975 had to wait a second before it could start, so that the earth could again catch up with the clock.

There have been other unnoticeable second adjustments since and they will no doubt continue. So will we be celebrating Christmas 1990 this year? The truth is there has been so much time-tinkering by so called experts through the centuries, that it is virtually impossible to date the Nativity. This being the case we might just as well settle for a quiet life and accept the date printed on our calendars and diaries.

TIME TWISTERS

So, it's Christmas time again. Says who? Just exactly what makes you think it really *is* Christmas? Who decided when Christmas ought to be? Mary and Joseph, of course . . . wrong. Try again. Is Christmas really on December 25th, or have we all been duped by some massive, ancient conspiracy? **GEOFFREY HUMPHRYS** examines the calendar, and discovers more confusion than a roomful of politicians . . .

Not many of us, apart from the athlectically-minded, care too much about the passage of seconds and fractions of seconds during our daily lives. Yet keeping an accurate track of seconds is more important than most of us initially realise. What it amounts to is that allowed to drift unaccounted for, seconds can and have caused controversies capable of dividing the world.

By far the most outstanding example of muddled thinking about time is Christmas Day, now generally accepted as December 25 among Christians. But it took them 1,925 years to reach this unanimity, and even then it was called the world's greatest compromise.

A glance at the basic facts shows where the compromise came in.

It Happened To Me

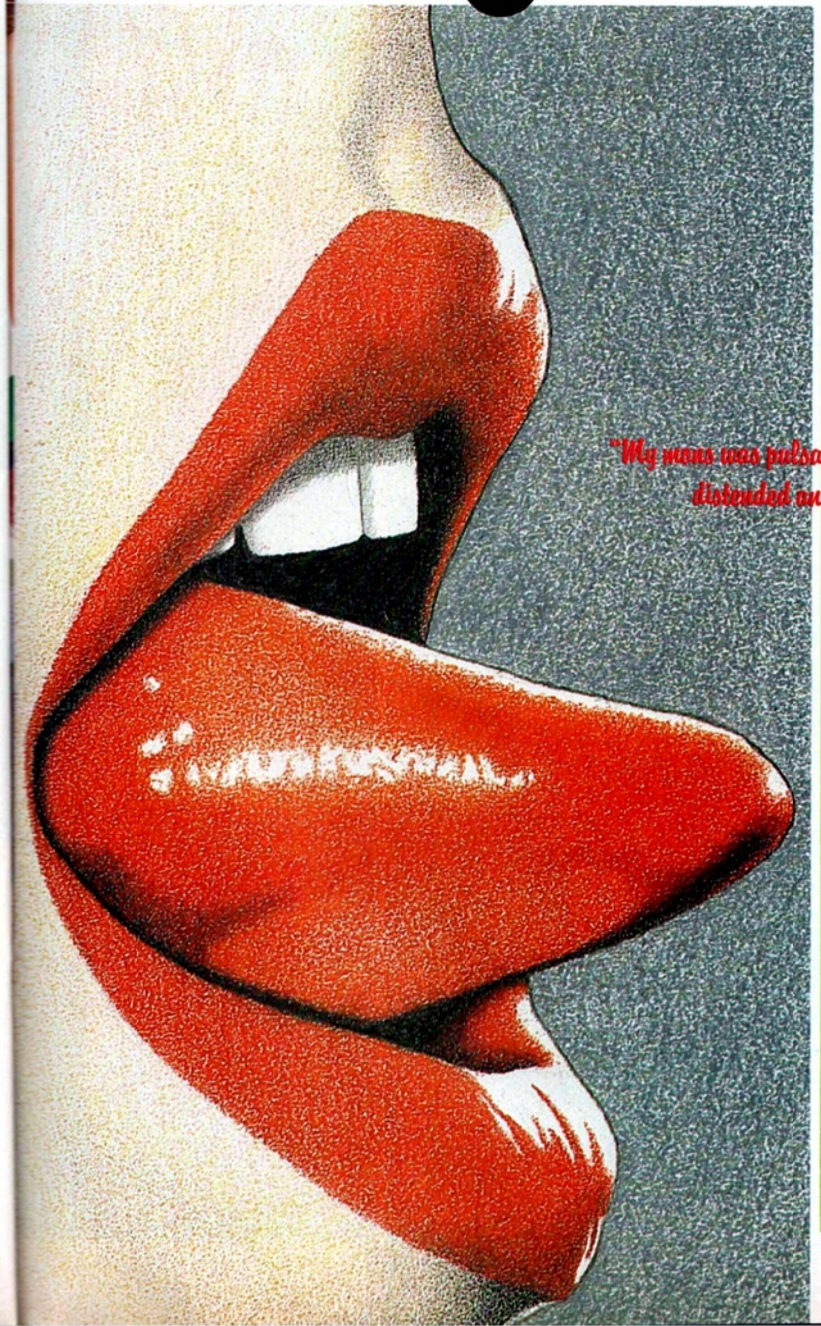
clenched my legs together, squeezing out the last exquisite seconds of my come. "Jesus!" said Jeff, licking his fingers clean.

At that moment the sun disappeared and we immediately felt cold. We shrugged into our respective pairs of jeans. I was just about to find my bra, when I heard this loud roaring sound. Immediately I threw myself down on my stomach. I was just in time! Seconds later twenty bikers roared up and parked a little distance away from us. It probably looked to them as if I'd undone my bikini top to get an all-over tan. They'd no idea there was a topless woman — not to mention a post-orgasmic one — just yards away!

By this stage, Jeff was speechless. We'd come this close to giving these men the live stage show of their lives! They'd just missed seeing a naked lover with hard, hot thrusts!

Jeff and I lay there, smiling sheepishly at each other, our crotches soaked through, until the bikers moved away. We then sat up and, pushing my bra into my pocket, I put on my blouse. I'd just done so when a young couple appeared! They grinned at us knowingly, then walked on. This was turning out to be a public thoroughfare!

"My mons was pulsating wildly, my labia distended and drenched."



Dishevelled but delerious, we returned to our guest house and bathed, but the entertainment didn't end there. We got so horny at the thought of our exhibition that we tongued and fucked each other all over again! Bikers, boots, leather: there's just something about that scene that makes our libido come alive. Since then, Jeff has brought me off through my clothes on a public beach, with people siting nearby. We also eschewed our hotel room one day for a rugged cliff top. Judging by the number of used condoms around, half the local populace was doing the same thing! The realisation that what you are doing is totally illegal, plus the possibility that you are giving some voyeur the come of his or her life, makes for a brilliant session. Why not try it for yourself?

Under The Big Sky

Three summers ago the expression 'The Great Outdoors' took on a whole new meaning for me! In fact, a walk in the hills will never be the same again!

It all started when my boyfriend (now my husband) and I went away for a few days to a small British town. We hadn't — literally! — seen much of each other in the preceeding weeks as I'd been studying for important exams. Now we were anxious to make up for lost time.

Unfortunately, the landlady at our guesthouse was a real killjoy. If scowls were anything to go by, she made it clear that my ringless fingers shouldn't be doing the walking! We didn't think she'd appreciate the throbbing hum of my vibrator penetrating the wafer-thin walls, and, god knows, I'm noisy enough without it!

Other than teasing each other across our fully-clothed groins when her back was turned, we made no move towards each other that morning. In the afternoon we decided to go hill-walking as it was such a glorious day. At this stage, sex wasn't on our minds. Well it was — but more as a 'wonder if we can do it in the bath after the old bag goes to bed tonight' kind of thought rather than an immediate plan! We'd made out twice in the car after seeing two particularly horny films, but there our outdoor escapades stopped. We had no inkling that this day was going to be so different.

"We didn't think she'd appreciate the throbbing hum of my vibrator."

We walked for over an hour, doing little more than holding hands, until we came to a perfect little clearing beside a river. Spreading out our jackets, we lay down to rest. After a few moments the sun activated our sex glands, and we started kissing, first gently, then with hard, insistent tongues.

Suddenly excited, I began to unbutton Jeff's shirt. Soon I was delicately flicking my tongue over his nipples, as my fingers slid down to his zip. "We can't!" he said worriedly, "Not here!" Muttering that we hadn't seen anyone for over an hour, I continued to remove his trousers. Soon he was naked beneath my touch. By now, the size of his erection made it clear that he was as keen to continue as I!

Frenziedly, Jeff began to take off my blouse, and I slid out of my jeans. A few seconds later he pulled my pants down over my ass, and I obligingly unhooked my bra. Fingers, tongues, erogenous zones working overtime, we rolled around gloriously naked on our makeshift rug. The sun glowed down on us as I grew as wet as the river near which we lay.

"Want fucked?" I whispered, straddling Jeff's cock and slowly sliding myself on to its length. He felt brilliant — it had been a long time! Savouring the sparks beginning to shoot through my loins, I slowly circled my lower body, my hands stroking Jeffs thighs all the while. As his own rhythmn speeded, he pulled me forward, urgent hands cupping my ass as his mouth sought my throbbing nipples, my breasts. I squeezed my legs tightly together and he began to moan. I ran my hands over his balls and he shuddered, gasped, pushed upwards, straining into me, his face a mask of ecstasy, delight. 'Christ — I needed that!' he said.

I needed something too! Giving him a few minutes to recover, I spreadeagled myself on the now glistening jackets, and stretched my hands above my head. Jeff knew the score. Eagerly, he slid his middle finger inside me, took the liquid up to my clit, and began the slow, sure stroking that I love. "Not too soon" he whispered teasingly as I bucked, pushing my mound against his rubbing hand. I whimpered — I didn't think I could wait!

"The size of his erection made it clear that he was as keen to continue as I."

A few minutes later, I knew that I couldn't. Pleasure was building, swelling in my sex, hotness and wetness competing for intensity there. I could feel my nipples jutting upwards towards the skyline, my thighs trembling and twitching with desire.

There was no need to be quiet here! My moans scared the birds from the trees as I reached an incredible climax. My mons was pulsating wildy, labia distended and drenched. Pleasure throbbed from my thighs to my navel as I

Sick of 'bored' games? Here's the alternative: a trip into the sleazy, easy Knave version of Snakes & Ladders. Or, Rude-O, if you will. Compiled by our own fun and games girl, SUZY WILDE, it's ideal for those winter nights when the TV people wheel out last year's schedule.

The rules are the same as the snakey version, except in this one, you go up the laddered stockings, and slide down the tongues! So turn the page, prepare to perform all those nasty little forfeits, and dig your dice out!

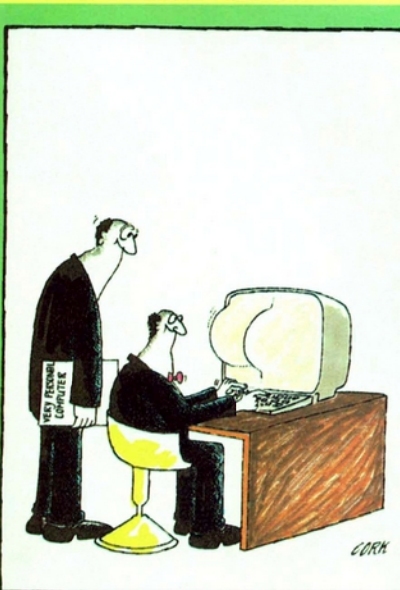
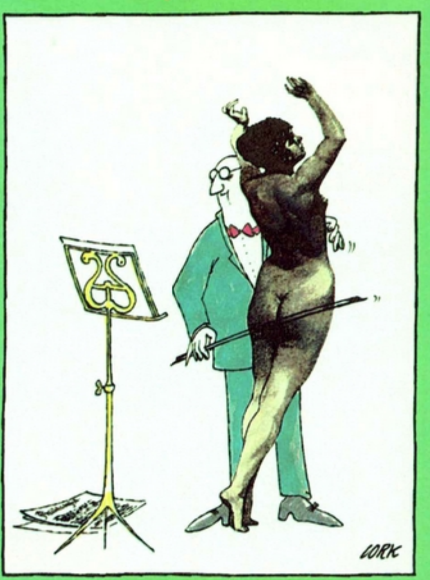
LAUGH WITH CORK





ONE STEP BEYOND

Speed. Most of us crave it, whether it's a short jaunt in a fast car, or a fast jaunt in a short car. But in France, they do things slightly differently, and Bruno Gouvy is one particular example of a real speed freak.

For Bruno, terrestrial transport simply wasn't fast enough, and he elected to get his 'fix', if you will, by jumping from a plane at 42,000 feet. The twist is, he intended to become the fastest man in the world by free-falling.

Parachuting at that height and in such a thin atmosphere presents certain problems. Bruno had to have a compact oxygen bottle constructed to allow him to breathe as he jumped. The elements, too, had to be taken into account. Bruno encountered temperatures of -63 degrees centigrade during his free-fall. The artillery shell he wore on his head was in fact a specially designed windshield, packed with forty pounds of lead to ensure a maximum vertical drop.

Diving out of the aircraft above the Biscarosse Beach area of Southern France at the appointed altitude, Bruno was officially clocked free-falling at a speed of 324.57 miles per hour. The fastest anyone has ever travelled unaided. Quite a feat — or is that feet?

she let me play with her tits as she wanked me off. When she took my prick in her hand I felt ashamed, it was so small compared with the ones she usually handled. As I came over her hand, she said, "I'm sick of the sight of this stuff." When I said, "Yes, until tonight," she giggled and kissed me on the cheek. Sarah said, "I know you like it when I'm naughty with other men and I'm going to thrill you even more in the future, I'll drive you wild when I start stripping again and messing around with all those handsome young men on stage!" There's so much to look forward to, I just can't wait! – *P.E., London.*

Firing Blanks

When I was walking in town a few weeks ago, I spotted a girl across the street whose face was familiar. I crossed towards her and confirmed what I had already suspected – that it was the girl I had been very friendly with many years ago when I was a tutor in a Plymouth college. She recognised me (she had good reason not to forget me) and after a short chat she accepted my invitation to a meal that evening. I took her to a restaurant out in the country, and there we passed a nostalgic couple of hours talking over old times. I would like to tell you what happened between us all those years ago.

I went into college one morning to be greeted by the head tutor with a delightful blonde in tow. He introduced her to me as Miss . . . a student teacher who would be joining my class for the remainder of the term, and he asked me to look after her, and to help her all I could. I told him it would be my pleasure.

Her first name was Emma. She was twenty, intelligent looking and sharp witted, tall with a good figure, and a pair of tits I'm sure nature had designed to poke out the eyes of any man who came too close. She impressed everyone. "I wouldn't mind having her on her back with her legs open," was one of the remarks I heard pass between two of my male colleagues, and they were doing no more than expressing the wishes of most of the men on the staff. I realised that if I was not to be beaten in the rush to get her, I should have to act quickly, and so after knowing her for only three days I asked her out.

Emma was always ready for a laugh and a joke, and I soon discovered that she had no objection to a bit of kissing and mild groping, but her personality warned me not to take her too much for granted. She liked me to stroke her breasts and thighs through her clothing, but some weeks went by before I got inside. In the end it was she who took the initiative, both to my surprise and delight. One night as we sat locked in each other's arms in a late cinema show, I noticed her discreetly opening the buttons of her blouse. It was an obvious invitation to go inside, and of course I took it. She wore no bra, and at once my hand found the soft flesh of her breasts and the hard points of her nipples. We began to kiss very passionately, oblivious to the glances of people sitting near us. For an hour or more we kissed and fondled and stopped only when the lights came on at the end of the show.

Then one night after being out with some friends, I walked her alone back to her digs. There had been a heavy thunderstorm only half an hour previously, and the tree under which we stood outside her landlady's front gate was dripping like a dozen taps, but it didn't stop us doing what we had never done before together. There was no one near to watch us or hear us murmuring to each other or sighing as our passions were aroused, as they quickly were. I found it impossible to control my hand. It roamed up and down and across her body, still outside her clothes, until in one moment of mad excitement I lifted her clothes and reached up to her knickers. Her legs parted in anticipation of what I would do next. I lingered a moment and then went inside to find her cunt already hot and oily. A few strokes across her clitoris had her panting and calling my name, "Oh Peter, I think I love you," she repeated many times.

I wanted Emma, and was loathe to leave her that night. She said she couldn't ask me in as her landlady didn't allow men through the door. I have little doubt that I could have had her there, on the pavement in the dripping wet, if I'd tried, but it hardly seemed the place to fuck one's girlfriend for the first time. Thoughts of taking her away with me, and seducing her in a nice cosy bed had grown in my mind over the past few weeks, and the time now seemed ripe to change dreams into reality. No harm could come of asking her. "Come away with me for the weekend," I said, my voice shaking with emotion.

She jabbed her hot tongue in my mouth again, and took my hand from between her legs. Gripping me tightly for a moment, and then breaking out of the kiss and holding me off her at arms length she managed to speak, "Promise to keep me out of trouble if I do?" I promised.

Then she told me she was a virgin. I was not surprised.

It was Saturday the following day, and I picked her up in my car about ten, and drove her to a hotel in Torquay where I had already booked a double room. She had acquired a plain gold band from somewhere, and as we went up to the reception desk she quietly slipped it on her finger. "We don't want people talking, do we?" she said, as she blushed. I signed us in as Mr and Mrs Peter . . .

We had brought only a couple of weekend bags with us and so we unpacked in a few minutes. We had lunch on the way up and so all that remained for us to decide was how to spend the time until we turned in for the night. I wanted to take her to bed right away, though I refrained from telling her that; she wanted to go for a walk. I gave into her, and while she changed into suitable walking clothes, I went down to the bar for a drink I felt I was going to need. When I returned I found her clad in the briefest pair of shorts and a thin blouse. "I'm ready," she said.

She was ravishingly attractive, and I could resist her no longer. Within seconds I had her in my arms and then on the bed. "The walk," she said as I slowly undressed her, "I thought we were going for a walk." Her protests, never convincing, died away as I kissed her. I passed my tongue and my hand across her breasts, her nipples and tummy and over a triangle of soft, golden hair. I opened her with my fingers and found her clitoris and vagina.

By this time, and with her help, I had divested myself of all my clothes, and lay sprawled across her, breathing heavily and desperate for her. She closed her hand round my hard prick and began to massage it gently. "You won't hurt me, will you?" she said, "I've not had one in me before, and I didn't think it would be as big as that." I told her I would be careful. "Then do it now," she gasped, "if I wait any longer I shall come."

I rolled a French letter on, and then positioned myself between her legs. She had opened them wide for me, unconsciously showing me all she had. She was so excited and well lubricated that I needed no assistance, but just slid into her. Instinctively we both started to move. I got in her as far as I could. I wanted to make it last but she wouldn't let me. "Now," she shrieked, and began to thrust her fanny back and forth like a mad woman, "harder, harder." I really let her have it then, but it was soon over. Half a minute later, we lay exhausted in each other's arms.

We revived ourselves with a much needed shower, and then I fucked her again. In fact, the walk she said she would like never materialised, as we stayed in bed until nightfall, making passionate love. In the end I was firing blanks into my French letter, and I questioned the need to put one on, but she would not allow me in her without one. I knew she was wise. Neither of us could afford to take risks. We did manage to bestir ourselves late in the evening to go down for something to eat but we came back to bed directly afterwards, and this time fell asleep – and slept soundly till morning. I then fucked her twice more on the Sunday before leaving the hotel shortly after lunch.

As we talked over the dinner table I could tell that Emma was becoming more and more aroused. It would have made my day – or rather night – if she had agreed to stay with me, and I went as far as to ask her to do that, but she declined – I like to think with reluctance. She was married, she told me, and she would not betray her husband. Her loyalty was in keeping with what I knew of her. – *P., Stockport.*

T'riffic Tina

Just a quick note to thank you for your pictures of Tina in the new *Knave* (Vol.22 No.10). I don't often buy girlie magazines, but when I saw Tina staring down at me from the shelves of my local shop, I couldn't resist her.

What a stunner. I love the photograph where she's kneeling on the bed, holding on to the bestead and sticking her little arse up into the air. I'd love to slide in between her thighs and flick my tongue over the lips of her snatch, then slowly ease upwards until my cock was level with her hole.

I showed that issue to Jean, my wife (she reads more girlie mags than I do!) She took great delight in stroking my rigid member as I flicked through the shots of Tina. It was wonderful, shooting my load all over her pics as my wife rubbed and licked my cock. After that, you can bet I did exactly to Jean what I'd love to do to Tina! – *P.D., Plymouth.*

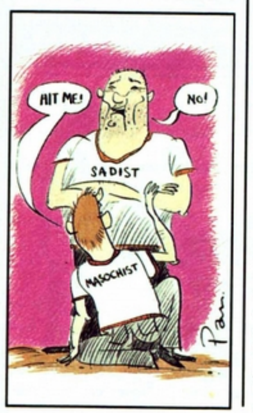
KNIGHT LIFE



JOKER

After giving her first ever bed-bath the young nurse went up to her ward sister and said: "That man has got a tattoo on his penis!"

"That's odd," replied the sister, "what does it say?"

"It just says 'New'," answered the nurse.

Deciding that this was a mystery she'd have to solve herself, the sister opted to give the patient a bed bath the following day. Afterwards, she met the nurse in the canteen and said: "That tattoo didn't say 'New', it said 'Newcastle'!"

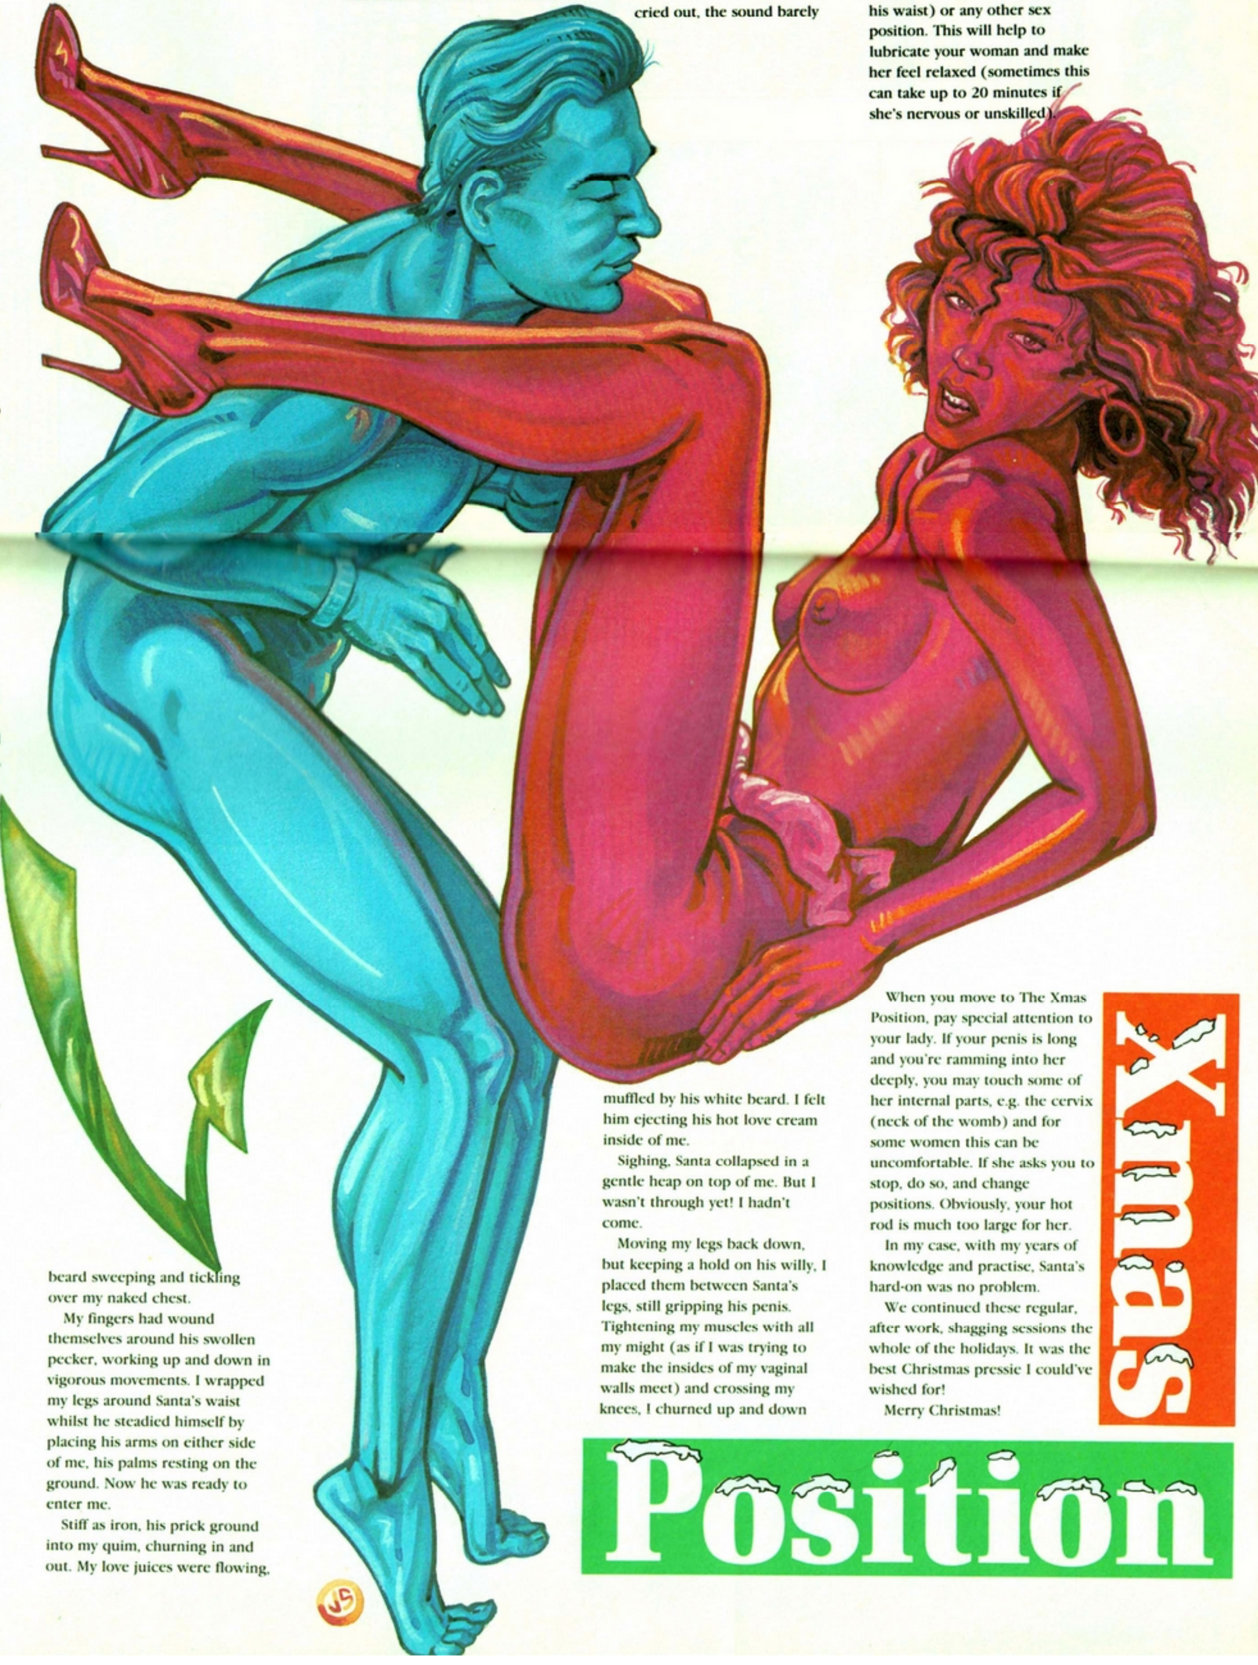
Any Way You Want Me

Sex. It's a funny old business. After all, there are only a few ways of doing it without pulling a major muscle, or risking arrest or prosecution by ROSPA. Or are there? We asked ANALISE BOND to do some investigating . . .



Regular readers of this column may think my CV reads like a shopping list for a family of ten, but my excuse for having tried such a variety of jobs is simple – I hate boredom. That's why I love men – all of them, in any shape or form. And, if a guy can teach me another way to fuck him, even better.

A few years back, I had a glorious Christmas working in a large department store in town. The reason? Santa Claus was servicing me daily in his grotto!

It started with one of those casual pick-up lines in the staff canteen.

"Is this seat taken?" a hunky voice drones in my ear. I look up to see a big burly man, dressed in red with a huge white beard and eyebrows to match. I burst out laughing – well, wouldn't you?

So we got to talking and I was really Clive) had the gift of the gab. He could make me laugh and I agreed to meet him in his grotto that evening.

The theme that year was all snow and ice and Santa's grotto was an igloo. When I managed to follow the children's trail and crawl through the narrow gap into the enclosure, it was to find Santa sitting naked, cross-legged, but still wearing that beard!

On all fours, I crawled up to him. His weapon was laying dormant in his lap so I decided it needed a bit of encouragement from me. Quickly, I stripped off my own uniform, leaving me in just my black lacy crutchless knickers (not regulation wear!).

Licking my lips first, I then transferred my tongue to his manhood. It only took a couple of swirls on his glans when his penis popped up to attention.

Laughing, I continued with my job. My tongue traced the line of his column, starting from his balls and moving upwards, to his most sensitive region. I never cease to be amazed at how velvety soft a guy's penis is – like baby-smooth skin, yet thick and hard to the touch.

Santa was well and truly turned on by now. He grabbed me roughly and threw me down onto the floor, spreading my legs with his hands. His fingers found my labia and began to drive into my vagina, starting to get me lubricated and ready for his nine inch animal.

Santa's lips enveloped one of my boobs, his teeth taking gentle nips of my already swollen nipple. I groaned in arousal and those expert molars transferred to my other tit, his false white beard sweeping and tickling over my naked chest.

My fingers had wound themselves around his swollen pecker, working up and down in vigorous movements. I wrapped my legs around Santa's waist whilst he steadied himself by placing his arms on either side of me, his palms resting on the ground. Now he was ready to enter me.

Stiff as iron, his prick ground into my quim, churning in and out. My love juices were flowing, I could feel trickles trailing down to my bum crack.

I wanted him to come even further inside of me and moved my legs higher, placing them on his shoulders in The Xmas Position (my personal name for it!). He was penetrating me *deeply* now. I could feel the tip of Santa's red hot machine hitting some unknown, and very sensitive, spot way inside of me.

The sensation made me writhe beneath Santa's hold. My fanny muscles tightened automatically around Santa's cock, urging him further and further into my very being.

Santa was grinding faster and faster when he suddenly stilled for a brief second. My muscles sensed his cock hardening for that final spurt and thrust. Then he took up the pumping motion again, really vigorously, in and out a few more times. Santa cried out, the sound barely muffled by his white beard. I felt him ejecting his hot love cream inside of me.

Sighing, Santa collapsed in a gentle heap on top of me. But I wasn't through yet! I hadn't come.

Moving my legs back down, but keeping a hold on his willy, I placed them between Santa's legs, still gripping his penis. Tightening my muscles with all my might (as if I was trying to make the insides of my vaginal walls meet) and crossing my knees, I churned up and down on his prick, faster and faster until wave after wave overtook me and I came. This time, my hot juices enveloped his penis.

Xmas Position

The Xmas Position is wonderful for really deep penetration. However, because of this, it's essential that you begin very gently at first. DON'T COMMENCE INTERCOURSE IN THIS POSITION. Either start, as Santa and I did with a variation (where my legs were gripping his waist) or any other sex position. This will help to lubricate your woman and make her feel relaxed (sometimes this can take up to 20 minutes if she's nervous or unskilled).

When you move to The Xmas Position, pay special attention to your lady. If your penis is long and you're ramming into her deeply, you may touch some of her internal parts, e.g. the cervix (neck of the womb) and for some women this can be uncomfortable. If she asks you to stop, do so, and change positions. Obviously, your hot rod is much too large for her.

In my case, with my years of knowledge and practise, Santa's hard-on was no problem.

We continued these regular, after work, shagging sessions the whole of the holidays. It was the best Christmas pressie I could've wished for!

Merry Christmas!

Ladies! If you're thinking of going into modelling, then now's your chance! Every month our Amateur Model Feature premiers a different girl, and next month it could be you! Provided they have never appeared in Fiesta or any other men's magazine, female readers are eligible to become Knave Amateur Models. Just send us the completed application form, and three or four nude polaroids or prints. Then, each month, we'll pick the girl we like, and invite her to our studio in Essex fo a day's modelling session, with a professional glamour photographer, an our own make-up artist and hair stylist to make sure the model looks her very best.

We pay our models £200 for their day's work, and an extra £25 to the photographers who originally sent the pictures in. So come on, take that first step into a new career!

My First Time

Everyone remembers their first times. Whether it's the first time they got drunk, had sex, whatever, it sticks in the mind. But what about models? They all have a first time, too. And that's where Knave comes in. If you have a secret passion to become a model, then why not enter 'My First Time' and make it happen!

Sandy

All you need to do is send us at least three nude polaroids or prints of yourself, along with the entry form, and we take it from there. Who knows, your 'first time' as a model might be just around the corner!

Look, don't moan about the weather to me. While you're sitting in your comfortable house, sipping your frothy Ovaltine, some people are out braving the elements. Why? For what? For you! Yes, here's Sandy, our First Timer ice-queen giving it her all in the worst conditions. The only advantage she has over us males is that she hasn't got any balls to have frozen off!
